# TABLE OF CONTENTS

|                                                                                                                                                           |    |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| <b>The Statistical Measurements of Photovoltaic Panels Degradation</b><br>M. Badida, T. Dzuro, A. Badidová, J. Šebo, Z. Kimáková.....                     | 9  |
| <b>The Device for a Reduction of Nutrients in Municipal Wastewater</b><br>M. Badida, J. Šebo, T. Dzuro, A. Badidová, Z. Kimáková.....                     | 13 |
| <b>The Analysis of Sound Sources in a Vehicle</b><br>A. Badidová, A. Nováková, T. Dzuro, M. Moravec, G. Ižaríková .....                                   | 19 |
| <b>Analysis of Human Factor Reliability in Workplace with Noise Load</b><br>M. Balážiková, L. Salaj, B. Wysoczańska .....                                 | 25 |
| <b>STEM in Natural Science Education in After-School Education</b><br>V.G. Baryakhtar, Y.T. Bykovskiy.....                                                | 30 |
| <b>The Physical Environmental Factors in the Work Environment</b><br>B. Benčová, E. Lumnitzer, A. Yehorova .....                                          | 34 |
| <b>State assessment of stop gates of hydroelectric power plants</b><br>J. Bocko, M. Pástor, P. Lengvarský .....                                           | 37 |
| <b>Applications of Metal Hydride Materials for Hydrogen Compression</b><br>T. Brestovič, N. Jasminská, M. Lázár, Ľ. Bednárová, R. Dobáková, L. Tóth ..... | 42 |
| <b>Assessment of the quality of ecological high-solid paints with low solvent content</b><br>J. Brezinová, A. Guzanová, D. Draganovská.....               | 46 |
| <b>Competency-Based Approach in the After-School Education as Innovative Methods</b><br>O.V. Bykovska .....                                               | 49 |
| <b>Ukrainian After-School Education System: State and Topical Tendencies in the Development</b><br>O.V. Bykovska .....                                    | 53 |
| <b>Contents of Professional Training of Future After-School Teachers in Pedagogical Universities of Ukraine</b><br>T.V. Bykovskiy .....                   | 59 |
| <b>Theory and Practice of Teaching Information Technology in After-School Education Institutions</b><br>T.V. Bykovskiy .....                              | 63 |
| <b>Analysis of Educational Results of Ukrainian Students in Mathematics and Physics based on External Independent Assessment</b><br>Y.T. Bykovskiy .....  | 67 |

|                                                                                                                                      |     |
|--------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>Method of determination of the boundary strength of pressed sheets of car bodies for categories over 1900 cm<sup>3</sup></b>      |     |
| V. Čáčko, I. Onderová, Ľ. Šooš, J. Ondruška .....                                                                                    | 72  |
| <b>Emission intensity of energy sector in V4 countries – decoupling analysis of GHG emissions and economic growth</b>                |     |
| J. Chovancová, J. Fazekáš .....                                                                                                      | 77  |
| <b>Microclimate and thermal comfort parameters simulation</b>                                                                        |     |
| L. Dzunova, R. Kralikova .....                                                                                                       | 83  |
| <b>Theoretical Estimation of Toxicity of New Condensed Heterocyclic Cationic Surfactants</b>                                         |     |
| M.M. Fizer, M.V. Slivka, R.T. Mariychuk, O.I. Fizer, N.I. Korol, A.O. Kryvoviaz, V.G. Lendel .....                                   | 87  |
| <b>An adsorption and desorption device for VOC</b>                                                                                   |     |
| Ľ. Gabrišová, P. Galbavá, O. Macho, J.P. Blight, P. Peciar, R. Kubinec .....                                                         | 91  |
| <b>Copper ions adsorption using aminated activated carbons</b>                                                                       |     |
| L.M. Grishchenko, V.E. Diyuk, G.G. Tsapyuk, R. Mariychuk, O.V. Mischanchuk, A.V. Yatsymyrskiy, V.V. Lisnyak .....                    | 95  |
| <b>Proposal for Disassembly of Electric Vehicle Batteries used in the Volkswagen Jetta Hybrid System</b>                             |     |
| V. Gumanová, L. Sobotová .....                                                                                                       | 100 |
| <b>Testing the Effectiveness of Degreasing Agents</b>                                                                                |     |
| A. Guzanová, E. Janoško, D. Draganovská .....                                                                                        | 107 |
| <b>Impact of Trifluralin and 2,4-D on Soil Microbial Biomass and Enzymatic Activities</b>                                            |     |
| H.E.A.F.B. Hamuda .....                                                                                                              | 113 |
| <b>Soil Biological Parameters Influenced by Various Nitrogen Sources</b>                                                             |     |
| H.E.A.F.B. Hamuda .....                                                                                                              | 121 |
| <b>Possibilities of Bio-waste Processing and Design of Optimal System of Bio-waste Management in Selected Locality</b>               |     |
| M. Jámbořová, E. Lumnitzer, T. Dzuro .....                                                                                           | 128 |
| <b>Analysis of input - output elements in the process of water jet technology and proposal the possibility of waste elimination.</b> |     |
| M. Karková.....                                                                                                                      | 133 |
| <b>Clinching and Clinch-Riveting as a Green Alternative to Resistance Spot Welding</b>                                               |     |
| Ľ. Kaščák, E. Spišák, J. Majerníková.....                                                                                            | 138 |
| <b>The role of sustainable development in the Environmental Engineering Education</b>                                                |     |
| R.B. Kendrovics, K. Demény.....                                                                                                      | 143 |

|                                                                                                          |     |
|----------------------------------------------------------------------------------------------------------|-----|
| <b>Alkaline treatment of tin sludge</b>                                                                  |     |
| D. Klein, D. Orac, J. Klimko.....                                                                        | 148 |
| <b>Recycling of lithium accumulators</b>                                                                 |     |
| J. Klimko, D. Oráč, D. Klein.....                                                                        | 152 |
| <b>Mathematical model for magnetic properties of materials in environmental engineering</b>              |     |
| D. Knežo, D. Olekšáková.....                                                                             | 157 |
| <b>Impact of Natural Daylight for Human Comfort and Health</b>                                           |     |
| R. Kralikova, L. Dzunova, M. Rusko.....                                                                  | 160 |
| <b>Zinc Removal from Waters by Hybrid Sorbent with Humic Acid</b>                                        |     |
| R.P. Linnik, O.A. Zaporozhets, R. Mariychuk, V.V. Lisnyak.....                                           | 164 |
| <b>Granulation of Waste from Mineral Processing</b>                                                      |     |
| O. Macho, M. Čierny, Ľ. Gabrišová, R. Ružinský, P. Peciar, J.P. Blight, M. Peciar .....                  | 169 |
| <b>Green Synthesis of Irregular Shaped Gold Nanoparticles</b>                                            |     |
| R. Mariychuk, V.V. Lisnyak .....                                                                         | 173 |
| <b>Green Synthesis of Silver and Gold Nanoparticles Using Extract of Blackcurrant</b>                    |     |
| R. Mariychuk, V. Yakovlieva, J. Porubská, A. Eliasova, V.V. Lisnyak.....                                 | 177 |
| <b>Continuous Acoustic Monitoring of Railroad Network in the Czech Republic Using Smart City Sensors</b> |     |
| P. Mejvald, O. Konopa.....                                                                               | 181 |
| <b>A Concept of Environmental Monitoring System Based on Triboelectric Generator</b>                     |     |
| A. Molnar, V. Gerasimov .....                                                                            | 187 |
| <b>Innovative Application Options of Sound Visualization Tools</b>                                       |     |
| M. Moravec, M. Badida, M. Piňosová, T. Dzuro, A. Badidová .....                                          | 191 |
| <b>Design and logistics of separate collection of municipal waste by underground containers</b>          |     |
| A. Nováková, M. Badida, A. Badidová, T. Dzuro .....                                                      | 195 |
| <b>Drying of biological materials in the dryer with controlled vacuum chambers</b>                       |     |
| I. Onderová, V. Čáčko, Ľ. Šooš, J. Ondruška .....                                                        | 201 |
| <b>High-speed camera measurement of spinning rotor</b>                                                   |     |
| J. Ondruška, L. Šooš, J. Babics, I. Onderová, M. Margetin, T. Budický.....                               | 206 |
| <b>Precision of the machine tool and its impact on the environment</b>                                   |     |
| D. Palaščáková, M. Badida .....                                                                          | 208 |
| <b>Environmental Evaluation of Mechanical Engineering Products in their Conceptual Phase</b>             |     |
| M. Piňosová, M. Badida, M. Moravec .....                                                                 | 216 |

|                                                                                                                                                                                                                            |     |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>Agroecological Aspects of Cultivation Shiitake Mushroom in Ukraine</b><br>A. Ravlikovsky, L. Symochko .....                                                                                                             | 221 |
| <b>Barriers and motives experienced by manufacturing companies in implementing circular economy initiatives: The case of manufacturing industry in Slovakia</b><br>J. Šebo, J. Kádárová, P. Malega .....                   | 226 |
| <b>Preparation of Bioactive Fused Pyrimidines via Environmental Technologies</b><br>Mar.V. Slivka, M.M. Fizer, D.Zh. Bereksazi, R.T. Mariychuk, A.O. Kryvoviaz, V.G. Lendel, N.P. Khripak, G.M. Koval, Mikh.V. Slivka..... | 230 |
| <b>Analysis of selected technologies of cable recycling</b><br>L. Sobotová, M. Badida, T. Dzuro .....                                                                                                                      | 234 |
| <b>Press machine with invert kinematic</b><br>Ľ. Šooš, J. Beniak, P. Križan, I. Onderová, M. Matúš .....                                                                                                                   | 240 |
| <b>Analysis of the influence of plastic deformation on the corrosion resistance of thin tin coated sheets</b><br>E. Spišák, J. Majerníková, Ľ. Kaščák.....                                                                 | 245 |
| <b>Enrofloxacin in Agroecosystems: Uptake by Plants and Phytotoxic Effect</b><br>L. Symochko, R. Mariychuk, O. Demyanyuk, V. Symochko.....                                                                                 | 250 |
| <b>Machinery Fire in Agriculture and its Impact on the Environment</b><br>M. Tomašková, L. Sobotová, D. Matisková .....                                                                                                    | 254 |
| <b>Theoretical analysis of hydrogen separator from synthesis gas using metal hydride alloys</b><br>L. Tóth, T. Brestovič, N. Jasminská, M. Lázár .....                                                                     | 258 |
| <b>Analysis of the separate collection of packaging waste from households in Slovakia in the context of Circular Economy Package</b><br>M. Trošanová, R. Miháliková, I. Škultétyová.....                                   | 262 |
