

Pacific Congress on Marine Science and Technology (PACON 2006)

Marine Science and Technology in Asia

Program & Abstracts

Yangon, Myanmar
11 – 15 June 2006

ISBN: 978-1-7138-1847-2

Printed from e-media with permission by:

PACON 2006
Marine Science and Technology in Asia

ABSTRACTS
TABLE OF CONTENTS

Keynote Addresses

Tsunamis and Storm Surges in the Indian Ocean	K1
Storms - Analysis, Statistics and Changes	K2
River-Sea Interaction and the North Jiangsu Plain Formation.....	K3

Technical Papers and Sessions

OCEAN SCIENCE AND TECHNOLOGY (OST)
Coordinators: Lorenz Magaard (USA) and Kenji Hotta (Japan)

OST-1

Ocean Mapping and Seafloor Characterization

Integrated River Information Management System (IRIMS)	A1
Myanmar Experience with GIS and Remote Sensing Technologies for Marine Science	A1
Oceanographic Studies in the Coastal Zones of Myanmar (CANCELLED).....	A2
Tectonics: Reflecting the Bathymetry and Sedimentation of Myanmar Continental Shelves	A2

OST-4A & B

Remote Sensing and Oceanographic Satellites

Upwelling along Primorye Coast, Japan Sea on Satellite and In Situ Data	A3
Responses of Phytoplankton to the 2004 Asian Tsunami in Different Locations of the Indian Ocean	A3
A Principal Analysis using the Ten Days Composite Satellite Sst Images taken off the Coast of Japan	A4
Detection of Seagrass with TM in Coastal Water of Hainan, China	A4
Retrieval of Optically Active Constituents in the Upper Gulf of Thailand	A5
Bio-Optical Properties and Ocean Color Algorithms for the North Region of the South China Sea	A5
Variations in Light Absorption Coefficients of Suspended Particles in South China Sea.....	A6

OST-5A & B

Advanced Vehicles

Analysis of the Parametric Transformation Effect on Resistance of Displacement Monohull.....	A6
Assessment of Watch Keeping Officer Performance using a Ship Simulator	A7
Investigation of the Form Factor and Evaluation of the Required Engine Power for a Fast Patrol Boat	A7
Marine Science, Technology and Seamanship	A8
Parametric Investigation and Optimization of Diesel Engine Noise, Emissions and Fuel Economy	A8
Yacht Construction in Myanmar	A9

OST-6
Operational Experiences in Environmental Monitoring

Contemporary Concentration Levels of Heavy Metals Aerosols and Gaseous Mercury over the Arctic Ocean Seas	A9
Flowcam® Technology – Continuous Imaging Fluid Particle Analyzer for Aquatic Research and Monitoring	A10
Meridian: Russian Observational Project in the Atlantic Ocean	A10
New Results from the German Ferrybox	A11
Operational Monitoring of the Brantas River, Indonesia – Measurements and Modelling	A11

OST-7A & B
Climate Change

Climate Change in Myanmar During the Last Five Decades	A12
Towards a Homogeneous 50 Year Climatology of Typhoons in SE Asia.....	A12
The Impacts of El-Nino and La-Nina Events on the Climate of Myanmar	A13
The Inter-Annual Variations in the Monsoon Climatology of Myanmar and Its Perspectives.....	A13
Ocean-Atmosphere Interaction Effect on Monsoon during 2002.....	A14
The Characteristic of Behavior Changes in the Climatology of the Bay Storms during the Last Three Decades	A14
The Substantial Increased Earthquake Activities in Myanmar during the Last Five Years and Its Perspectives	A15
The Volcanic Ash Eruption in Barren Island—The Only Live Volcano in the Andaman Sea between Sumatra and Myanmar	A15
The Economic Impact of Alternative Energy in Hawaii: A General Equilibrium Analysis.....	A16
Methane Hydrates, What do They Mean for Climate and Society?	A16
Climate Prediction, Economic Value and Radical Innovation.....	A17

OST-8A, B & C
Aquaculture and Mariculture Technology

Co-Culture of Shrimp and Algae: Improvement of Water Quality.....	A17
Effect of “Ocean Fertilizer” on the Growth of Seaweeds in the Philippines	A18
Effectiveness of Hemispherical Steel Net Covering Artificial Reef on Fish Aggregation.....	A18
Evaluation Studies for Site Selection of Edible Oyster Growing in Ma-Gyi Tidal Creek Estuarine Region.....	A19
Improvement of Scallop Sea Ranching by Recycling Shells.....	A19
Marine Fishery Resources Potential and Exploitation of Myanmar	A20
Myanmar Pearling Industry	A20
Numerical Experiment of the Relationship between Discoloration of Nori (<i>Porphyra yezoensis</i>) and Seasonal Wind	A21
Opportunities and Challenges in Myanmar Aquaculture.....	A21
Potential of Marine Fishery in Myanmar.....	A22
Research on the Structure Improving Sediment Quality by Current Control	A22
Study on the Porous Material for Improvement of Marine Biological Environment	A23
Technology of Seaweed, Kappaphycus /Eucheuma Cultivation in the Tropical Waters.....	A23

OST-9A & B
Natural Energy

Introduction of Tidal Power for Rural Remote Villages Electrification in Myanmar	A24
Power Generation by Tidal Current.....	A24
Experimental Study on Power Generation System from Tidal Currents for Navigation Buoy	A25
Design and Fabrication of a Vertical Axis Small Scale Water Turbine	A25
Crossflow Turbine for Micro Hydro Power Plant	A26
Characteristics of VAWT using ARC Camber Blades for Wind Generation System	A26

In-Situ Observation on the Wind in the Northeastern Coast of Taiwan	A27
Research on Collective Housing Areas and Characteristics of Residents in Ulaanbaatar, Mongolia.....	A27
Research on Establishment of Resource Recycling Society in Cobb Hill Co-housing.....	A28
Fundamental Operational Characteristics of Grid-Connected Clustered PV System	A28
From "Point" to "Field" on Renewable Energy	A29

COASTAL SCIENCE AND TECHNOLOGY (CST)

Coordinators: Young C. Kim (USA) and Yoshifusa Yamada (Japan)

CST-1

Hydrodynamics of Coastal Waters

Bragg Scattering of Water Waves in Real Fluids	A29
Buoy Measurements of Wind-Wave Interaction during Tropical Cyclones.....	A30
Flow Visualization of Vortex Shedding behind the Circular and Elliptical Cylinders	A30
Reduction of the Wave Drifting Forces using Aircushion Supported System.....	A31
Velocity Change in Nearshore Zone due to Coastal Drain System by VOF Method	A31

CST-2

Coastal Water Level Fluctuations

Design of Storm Surge – Experiments for Understanding Storm Surge Phenomena and Model Testing	A32
Numerical Calculation of the High Water Level Fluctuations during the Typhoon Period.....	A32
Rapid Estimation of Storm Surge due to Tropical Cyclones using Satellite Meteorology	A33
Seismicity of the Andaman Sea.....	A33
Storm Surge Prediction in Myanmar: Operational and Post Storm Field Survey Perspectives	A34
Three Dimensional Numerical Simulation of Storm Surge in the Southeastern Sea of Korea	A34

CST-3A & B

Coastal Structures

A Solitary Wave Propagating over a Submerged Breakwater.....	A35
A Study on Making Sea Hazard Map Considers Tsunami Damages of Ships.....	A35
Artificial Headland using Spar Buoy Sea Forest	A36
Fatigue Crack Growth Behavior of Steels for Marine Structures	A36
Influence of Wave Reflection to Runup on Step Dike.....	A37
Numerical Simulation on Behavior of Floating Structures in Tsunami by MPS Method.....	A37
The Design of Anchorage for Waters Outside Kaohsiung Harbor	A38
Visible Space by Landscape Recognition of Local Inhabitans and Its Composition.....	A38

CST-4A & B

Ports and Harbors

A Single Mooring Net-Cage Subjected to Wave Force.....	A39
Extension Planning of the Da-Wu Fishing Harbor for Improving Sea Transportation on East Taiwan.....	A39
Integrated Development Project of Keelung Port	A40
Myanmar Port and Harbor Development and Coastal Zone Management	A40
The New Generation Container Terminal Facility and Equipment	A41
Yangon Sea Access Channel Associated Port Improvement Study.....	A41

CST-5A & B
Coastal Sediment Processes

Sediment Movement and its Impact on the Distribution of Benthic Macrofauna in the North Andaman Sea	A42
In the Western Myanmar, Where the Bengal Fan Sedimentation Was?	A42
Morphology and Sediment Transport of Sand Bodies in Eastern Taiwan Strait Shelf	A43
Physiography and Sediment Dispersal on the Ayeyarwady Continental Shelf, North Andaman Sea	A43
Wind Blowout Hollow Generated in Fukiage Dune Field, Kagoshima Prefecture Japan	A44
Study on the River Works due to Sediment Transport	A44
Improvement of River Channel by using Impermeable Sand Bag Groyne in Ayeyarwaddy River	A45
Sustainable Development of Ayeyarwady Delta	A45

CST-6A & B
Coastal Environment

The Environmental Restoration of Ago Bay, Japan based on a New Concept of "Sato Umi"	A46
Relationship between Shape of Coastal Gravel and Life Time of Stranded Oil	A46
Oil Spill Prevention and Combating	A47
Development of Statistic Model for Estimating Life Time of Beached Oil	A47
High Yield Production of Bio-Hydrogen from Organic Waste using <i>Rhodobacter shpaeroides</i>	A48
Daily Accumulation Rates of Marine Debris on Two Subantarctic Islands	A48
Porous Concrete Blocks as Natural Cleansing System in Coastal Environment	A49
Examination of Model Parameterization for Simulations of Oxygen-Deficient Water in Enclosed Bays	A49
Transmittance of Light Pipe for Ecological Conservation of Large Floating Structure	A50
Purification Experiment of Water Quality by using Cohesive Powder	A50

CST-7A, B & C
Sustainable Coastal Development

Coastal Resource Management in Myanmar	A51
Coastal Resource Management with Special Reference to Mangroves of Myanmar	A51
Coastal Resources of Economic and Ecological Importance from Myeik Archipelago and Status of their Exploitation	A52
Conserving a Unique Coral Island (Pulau Perak) in the Straits of Malacca, Malaysia	A52
The Environment Formation and the Characteristics of the Site for Fishing Ports	A53
Harnessing Information and Communication Technologies for International Waters Management in Southeast Asia	A53
Marine Provincialism Analysis of Macroalgal Distribution in Malaysia	A54
Rehabilitation of Abandoned Shrimp Ponds through Mangrove Planting at Nakhonsi Thammarat, Thailand	A54
Sampled Up-Welling Current Areas and the Site for Fishing Ports	A55
Seaweed Bed Reclamation Experiment using Vertical Seawall at Inner Part of Osaka Bay	A55
The Designated Unused Land in the Land-Fill of the Metropolitan Seaside Area	A56
Towards a Sustainable Management of Myeik (Mergui) Archipelago	A56
Water Purification Experiments by Micro Bubble	A57

CST-8
Coastal Hazards

Damage Due to Earthquake Tsunamis and Countermeasures Against Disasters in Fishery Areas	A57
Harmful Algal Blooms in the Coastal Waters of the South China Sea	A58
Potential Natural Hazards in the Myanmar Coastal Areas	A58
The Indian Ocean Tsunami of 26 December 2004 - Myanmar Experiences	A59
Tsunami Hazard Mapping of the Hawaiian EEZ	A59
Tsunami Heights and Damage along the Myanmar Coast from the December 2004 Sumatra-Andaman Earthquake	A60

MARINE RESOURCE MANAGEMENT AND DEVELOPMENT (MRMD)

Coordinator: Kenji Hotta (Japan)

MRMD-1

Marine Policy, Law, and Government

Implementation of Maritime Laws in Myanmar.....	A60
Perceptions of Coasts in Germany.....	A61
Recent Developments in Myanmar Offshore Petroleum Exploration	A61
Relationship between Bluefin Tuna Fishing Grounds and Eddy Activity	A62
The Blue Evolution.....	A62

MRMD-4

Marine Recreation and Tourism

Myanmar Traditional Boats and the Source of Development of Inland Water Transport.....	A63
Sound Environmental Resource in Coastal Marine Tourism.....	A63
Thalassa-Therapy: New Coastal Facility for Recreation and Health Care	A64
The Conservation Strategies of Dongsha (Pratas) National Marine Park, Taiwan	A64
The Inland Water Transport of Myanmar	A65

WORKSHOPS (WKSP)

Coordinator: Friedhelm Schroeder (Germany)

WKSP-1

Education in Marine Science and Technology

Development and Application of an Integrated Engine Room Simulator	A65
Education on Marine Science & Technology in Myanmar.....	A66

WKSP-4

Ocean Observing Systems

Ocean Observing from Buoys and Fixed Stations.....	A66
Ocean Observing from Regular Ship Cruises.....	A67
Sensors for Operational Ocean Observing	A67

STUDENT POSTER SESSION-CECILIA HSI SAXENA AWARD

A Study of Spatial Cognition in Children using Sketched Maps.....	A68
Composition of Landscape Recognition that Uses Visualization Model by Local Inhabitants in Kamakura ...	A68
Construction of the Visualization Model by Landscape Cognition using 3-Dimensional Shade Image	A69
Our Common Future.....	A69
Research on the Current Control Function and Fish Aggregation of Artificial Reef.....	A70
Structural Design of Superstructure on Floating Structure	A70
Study on Fractal Characteristics of District and Its Relationship to Environmental Cognition.....	A71
Study on Relations of Wharf Steel-Piles Corrosion and Environmental Factors.....	A71
Sustainable Urbanism in Tokyo.....	A72
The Role of PACON in Marine Science and Technology	A72
The Structure of Environmental Recognition of Super High-Rise Housing Residents	A73
The Velocity Field in Surf Zone from Mosaic PIV Measurements	A73
Title Index	A74
Author Index	A77
