# TABLE OF CONTENTS

|                                                                                                                                                  |     |
|--------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| AIR TRAVEL DEMAND STIMULATION: LEARNED LESSONS FROM THE PRE-PANDEMIC TIME .....                                                                  | 1   |
| <i>A. Abdelghany, V. Guzhva</i>                                                                                                                  |     |
| OPTIMAL REVENUE-EQUIVALENCE BAGGAGE PRICING FOR AIRLINES .....                                                                                   | 18  |
| <i>P. Bharadwaj, R. Amit, A. Malik, S. Goh</i>                                                                                                   |     |
| IRREGULAR FLIGHT SCHEDULING: A COMPREHENSIVE COLUMN GENERATION<br>BASED HEURISTIC .....                                                          | 31  |
| <i>S. Choudhary</i>                                                                                                                              |     |
| LARGE-SCALE VIBRATION MONITORING OF AIRCRAFT ENGINES FROM<br>OPERATIONAL DATA USING SELF ORGANIZED MODELS .....                                  | 41  |
| <i>F. Forest, Q. Cochard, C. Noyer, A. Cabut, M. Joncour, J. Lacaille, M. Lebbah, H. Azzag</i>                                                   |     |
| SELLING YOUR LAST SEAT CHEAPLY OR EXPENSIVELY? - A SINGLE DIMENSIONAL<br>DF APPROACH FOR RM.....                                                 | 72  |
| <i>D. Hopman</i>                                                                                                                                 |     |
| IMPROVING OPERATIONS WITH SIMULATION.....                                                                                                        | 152 |
| <i>B. Jackson</i>                                                                                                                                |     |
| CENTRALIZED CODE-SHARING MECHANISM (CACCA) TO CIRCUMVENT THE SHUT-<br>DOWN OF AIRLINES IN PANDEMIC .....                                         | 161 |
| <i>G. Kumar</i>                                                                                                                                  |     |
| DEEP LINKING OF MULTIMODAL TRANSPORT PLATFORMS - STUDY ENVISIONING<br>DOOR TO DOOR TRAVEL .....                                                  | 170 |
| <i>K. Kumar, R. Thind, N. Kartheek</i>                                                                                                           |     |
| WHAT TO DO WHEN THERE IS NO HISTORY: PREDICTING DEMAND RECOVERY<br>UNDER COVID-19 PANDEMIC.....                                                  | 181 |
| <i>C. Yao, G. Cheema, O. Leblanc, Y. Song</i>                                                                                                    |     |
| CONSERVATIVE SELECTIVE REDISTRIBUTION OF AIRPORT DELAYS.....                                                                                     | 190 |
| <i>M. Li, K. Gopalakrishnan, H. Balakrishnan</i>                                                                                                 |     |
| CONTRACTING STRATEGIES FOR PRICE COMPETING FIRMS UNDER UNCERTAINTY .....                                                                         | 222 |
| <i>B. Mantin, E. Wu, A. Lange</i>                                                                                                                |     |
| OPTIMIZING HUMANITARIAN FLIGHT OPERATIONS - A NOVEL FORMULATION OF<br>THE VEHICLE ROUTING PROBLEM FOR HUMANITARIAN APPLICATIONS .....            | 229 |
| <i>Y. Mekking, W.-J. Van Goethem, P. Roling</i>                                                                                                  |     |
| AN EMPIRICAL INVESTIGATION OF THE REVENUE MANAGEMENT PRACTICES OF US<br>AIRLINES AROUND A MAJOR SPORTING EVENT WITH UNCERTAIN PARTICIPANTS ..... | 247 |
| <i>Y. Peng, M. Ferguson, O. Yilmaz</i>                                                                                                           |     |
| SHORT-TERM FARE ESTIMATION ALONGSIDE MARKET SIZES .....                                                                                          | 262 |
| <i>D. Sinha, A. Karanth, D. Sunil</i>                                                                                                            |     |

|                                                                                                                                     |     |
|-------------------------------------------------------------------------------------------------------------------------------------|-----|
| COMPARISON OF AIRLINE CO-BRANDED CREDIT CARD PROGRAMS VIA FREQUENT<br>FLYER MONEY SAVER ANALYSIS FOR FULL SERVICE US CARRIERS ..... | 269 |
| <i>B. Suavi</i>                                                                                                                     |     |

|                                                                             |     |
|-----------------------------------------------------------------------------|-----|
| NETWORK DESIGN AND OPTIMISATION FOR DISTRIBUTION OF COVID-19 VACCINES ..... | 291 |
| <i>W. Vanroose, W. Van Duppen</i>                                           |     |

|                                                                      |     |
|----------------------------------------------------------------------|-----|
| WHEN AND HOW AIRLINE BOOKINGS WILL RETURN TO CRUISING ALTITUDE ..... | 301 |
| <i>R. Winegar</i>                                                    |     |
