

# **International Conference on Automation, Computing and Communication (ICACC-2021)**

ITM Web of Conferences Volume 40 (2021)

Navi Mumbai, India  
14 - 15 July 2021

**Editors:**

**Mukesh D. Patil**  
**Vishwesh A. Vyawahare**

ISBN: 978-1-7138-3468-7

# TABLE OF CONTENTS

|                                                                                                           |            |
|-----------------------------------------------------------------------------------------------------------|------------|
| <b>Performance Comparison of Various Controllers on Semi-Active Vehicle Suspension System .....</b>       | <b>1</b>   |
| <i>Walavalkar Sarvesh, Tandel Viraj, Thakur Rahul Sunil, Kumar V.V Pramod, Bhuran Supriya</i>             |            |
| <b>Design of Cost-Efficient Glucose Meter .....</b>                                                       | <b>10</b>  |
| <i>Rao Sanjana, Mohanty Sattwik, Amarnani Chirag, Fakir Kausar, Dhobale Sandip, Agarkar Trupti</i>        |            |
| <b>Condition Monitoring and Predictive Maintenance of Process Equipments .....</b>                        | <b>15</b>  |
| <i>Deshmukh Manthan, Dumbre Rohan, Anekar Shubham, Kulkarni Heramb, Pawar Sushant</i>                     |            |
| <b>Plus Shaped Chipless RFID Tag.....</b>                                                                 | <b>23</b>  |
| <i>Ganesh Bhagure Vinay, Roy Choudhury Somdotta</i>                                                       |            |
| <b>Vehicle Owner Recognition and Speed Estimation Through LPD Using Deep Learning (VORSELD).....</b>      | <b>29</b>  |
| <i>Shrivastava Mudit, Jadhav Rahul, Singhal Pranjal, Bhosale Savita R.</i>                                |            |
| <b>Real Time Weather Monitoring System Using Iot .....</b>                                                | <b>38</b>  |
| <i>Sharma Puja, Prakash Shiva</i>                                                                         |            |
| <b>Design and Assessment of Electric Vehicle Performance Parameters Based on Drive Cycle.....</b>         | <b>48</b>  |
| <i>Joseph Binsy, Bhoir Deepak Vishnu</i>                                                                  |            |
| <b>Sixth Sense Jacket.....</b>                                                                            | <b>54</b>  |
| <i>Pandey Prabhat S., Chakraborty Shreya S., Gaikwad Jay S., Shah Divya K.</i>                            |            |
| <b>Food Reviews Classification Using Multi-Label Convolutional Neural Network Text Classifier .....</b>   | <b>58</b>  |
| <i>Lasne Krutuja S, Nandrekar Sejal S, A Khan Ashraf, Ghorpade Tushar</i>                                 |            |
| <b>EEG Signal Enhancement Using OWA Filter .....</b>                                                      | <b>63</b>  |
| <i>Yadav Soham, Pawar Jeevika, Patil Girish, Agarwal Shivangi</i>                                         |            |
| <b>A Hybrid Approach for Landmark Recognition Using Deep Local Features and Residual Network-50 .....</b> | <b>70</b>  |
| <i>Nimbare Nishant, Shah Parth, Shah Shail, Mangrulkar Ramchandra</i>                                     |            |
| <b>Assessment of Water Quality Using Fuzzy-AHP and TOPSIS .....</b>                                       | <b>76</b>  |
| <i>Sonavane Asmita, Narkhede Devyani, Pawar Shruti, Maktum Tabassum</i>                                   |            |
| <b>Cost-Effective Disinfection Robot Using UVC Radiation.....</b>                                         | <b>82</b>  |
| <i>Dhikle Mansi, Dharne Vinaya, Gaikar Pankaja, Fakir Kausar</i>                                          |            |
| <b>Design and Implementation of Drone in Healthcare Applications .....</b>                                | <b>87</b>  |
| <i>Khandagale Pratik, Eranjikal Dharmaraj, Parab Siddhi, Garg Bhawana</i>                                 |            |
| <b>Analysis of GPU Computation of Parabolic, Bessel, Wright and Riemann Zeta Functions.....</b>           | <b>92</b>  |
| <i>Jadhav Ashish A., Kalamkar Abhijeet D., Gaikwad Pritish A., Vyawahare Vishwesh, Singhaniya Navin</i>   |            |
| <b>Android-Based Object Recognition Application for Visually Impaired .....</b>                           | <b>98</b>  |
| <i>Salunkhe Akilesh, Raut Manthan, Santra Shayantan, Bhagwat Sumedha</i>                                  |            |
| <b>HealthDesk-A One Stop Health Application Using Machine Learning Techniques .....</b>                   | <b>103</b> |
| <i>Soni Preet, Gandhi Yash, Mehta Vruddhi, Mangrulkar Ramchandra S.</i>                                   |            |
| <b>Fake News Detection Using Machine Learning.....</b>                                                    | <b>108</b> |
| <i>Kulkarni Prasad, Karwande Suyash, Keskar Rhucha, Kale Prashant, Iyer Sumitra</i>                       |            |
| <b>Indian Sign Language Recognition Using Convolutional Neural Network.....</b>                           | <b>113</b> |
| <i>Patil Rachana, Patil Vivek, Bahuguna Abhishek, Datkhile Gaurav</i>                                     |            |
| <b>Identification of Lost Children Using Face Aging with Conditional GAN.....</b>                         | <b>118</b> |
| <i>Pupala Amisha, Mokul Samruddhi, Pandit Neha, Bharne Smita</i>                                          |            |
| <b>Speech Emotion Recognition Using Time Distributed CNN and LSTM.....</b>                                | <b>124</b> |
| <i>Salian Beena, Narvade Omkar, Tambewagh Rujuta, Bharne Smita</i>                                        |            |
| <b>Comparative Analysis of Machine Learning Algorithms for Heart Disease Prediction .....</b>             | <b>130</b> |
| <i>Hasan Ruby</i>                                                                                         |            |
| <b>Voice Feature Extraction for Gender and Emotion Recognition.....</b>                                   | <b>137</b> |
| <i>Nashipudimath Madhu M., Pillai Pooja, Subramanian Anupama, Nair Vani, Khalife Sarah</i>                |            |
| <b>Freehand to Digital Circuit Reconstruction Using HOG and SVM .....</b>                                 | <b>143</b> |
| <i>Mittal Shruti, Satpute Rhutuja, Mohite Shubham, Ragha Leena Dr., Bhosale Dhanashri Ms.</i>             |            |
| <b>Offline Handwritten Signature Verification Using Various Machine Learning Algorithms.....</b>          | <b>151</b> |
| <i>Lokare Chinmay, Patil Rachana, Rane Saloni, Kathirasan Deepakkumar, Mistry Yogita</i>                  |            |
| <b>Lane Detection Techniques Using Image Processing .....</b>                                             | <b>158</b> |
| <i>Devane Vighnesh, Sahane Ganesh, Khairmode Hritish, Datkhile Gaurav</i>                                 |            |
| <b>Detection of Phishing Websites Using Ensemble Machine Learning Approach.....</b>                       | <b>162</b> |
| <i>M. Dharani, Badkul Soumya, Gharat Kimaya, Vidhate Amarsinh, Bhosale Dhanashri</i>                      |            |
| <b>Image Plagiarism Detection Using GAN - (Generative Adversarial Network).....</b>                       | <b>167</b> |
| <i>Gayadhankar Kaustubh, Patel Rishi, Lodha Hritik, Shinde Swapnil Mr.</i>                                |            |

|                                                                                                                                                                              |     |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| <b>Deep Learning Based Human Action Recognition</b> .....                                                                                                                    | 175 |
| <i>Pandey Ritik, Chikhale Yadnesh, Verma Ritik, Patil Deepali</i>                                                                                                            |     |
| <b>Foreign Money Transfer Using Blockchain</b> .....                                                                                                                         | 181 |
| <i>Giri Nupur, Jodha Dheeraj Singh, Goyal Yash, Thite Akshay, Tiwari Abhay</i>                                                                                               |     |
| <b>A Relative Analysis of Genetic Algorithm and Binary Particle Swarm Optimization for Finding the Optimal Cost of Wind Power Generation in Tirumala Area of India</b> ..... | 187 |
| <i>Bhattacharjee Prasun, Jana Rabin K., Bhattacharya Somenath</i>                                                                                                            |     |
| <b>Successive Image Generation from a Single Sentence</b> .....                                                                                                              | 191 |
| <i>Parab Amogh, Malik Ananya, Damania Arish, Parekhji Arnav, Bari Pranit</i>                                                                                                 |     |
| <b>SpeakQL Natural Language to SQL</b> .....                                                                                                                                 | 196 |
| <i>Shah Dhairya, Das Aniruddha, Shahane Aniket, Parikh Dharmik, Bari Pranit</i>                                                                                              |     |
| <b>Chatbot for Mental Well-Being</b> .....                                                                                                                                   | 200 |
| <i>More Vivek, Koli Viren, Vijaykumar Vignesh, Jethani Vimla</i>                                                                                                             |     |
| <b>Algorithmic Trading for a Buy-Sell Platform: Study and Comparison</b> .....                                                                                               | 205 |
| <i>Sakhare Aishwarya, Mhaskar Nihar, Mishra Vicky, Chavan Madhuri</i>                                                                                                        |     |
| <b>Deep Learning Techniques for Effective Diagnosis of Alzheimer's Disease Using MRI Images</b> .....                                                                        | 210 |
| <i>Tambe Prajakta, Saigankar Rutuja, Devadiga Nidhi, Chitte Pallavi H. Ms.</i>                                                                                               |     |
| <b>Deep Learning Based Automatic Extraction of Student Performance from Gazette Assessment Data</b> .....                                                                    | 215 |
| <i>Nikam Rohan, Pardeshi Ritesh, Patel Yash, Sarda Ekta</i>                                                                                                                  |     |
| <b>Text Summarization Using Extractive and Abstractive Methods</b> .....                                                                                                     | 220 |
| <i>Varade Saurabh, Sayyed Ejaaz, Nagtode Vaibhavi, Shinde Shilpa Dr.</i>                                                                                                     |     |
| <b>Sound Classification Using Python</b> .....                                                                                                                               | 225 |
| <i>Jadhav Swapnil, Karpe Sarvesh, Das Siuli</i>                                                                                                                              |     |
| <b>File Fragment Classification Using Content Based Analysis</b> .....                                                                                                       | 231 |
| <i>Bhat Anirudh, Likhite Aryan, Chavan Swaraj, Ragha Leena</i>                                                                                                               |     |
| <b>Various Approaches of Machine Translation for Marathi to English Language</b> .....                                                                                       | 237 |
| <i>Shirsath Nilesh, Velankar Aniruddha, Patil Ranjeet, Shinde Shilpa Dr.</i>                                                                                                 |     |
| <b>Deep-Facial Feature-Based Person Re-Identification for Authentication in Surveillance Applications</b> .....                                                              | 243 |
