# 2022 International Symposium on Educational Technology (ISET) **ISET 2022**

## Table of Contents

Preface .....	xiii
Conference Organization .....	xiv
International Programme Committee .....	xv
Keynotes .....	xviii
Organizers and Sponsors .....	xxii

### Computer Supported Collaborative Learning

A Research on Learning Community in Robotics Education in High Schools under the Grounded Theory .....	3
<i>Qing Su (School of Education Technology, North West Normal University, China), Wenlan Zhang (School of Education, Shaanxi Normal University, China), and Yuxuan Feng (Lanzhou No.51 High School, China)</i>	
Using Student Generated Videos to Facilitate Discussion for Collaborative Flipped Classrooms .....	8
<i>Gary Wai Chung Wong (Lingnan University, Hong Kong), Paulina Pui Yun Wong (Lingnan University, Hong Kong), Ray Ting Chun Wang (Thammasat University, Thailand), Daniel Jiandong Shen (Soqle Hong Kong Limited, Hong Kong), and Haoran Xie (Lingnan University, Hong Kong)</i>	
A PageRank-Based Collaborative Design Team Member Influence Study .....	13
<i>Mengjia Xue (Beijing University of Posts and Telecommunications, China) and Yang Ji (Beijing University of Posts and Telecommunications, China)</i>	
Group Awareness and Group Awareness Tools in Computer-Supported Collaborative Learning: A Literature Review .....	18
<i>Dengkang Chen (Central China Normal University, China), Yi Zhang (Central China Normal University, China), and Yuru Lin (Central China Normal University, China)</i>	
Research on the Influence of Collaborative Mind Mapping Strategy in Smart Classroom on College Students' Scientific Research Problem-Solving Ability and Learning Anxiety .....	23
<i>Hesiqi Bin (Central China Normal University, China), Yi Zhang (Central China Normal University, China), Zhifang Zhu (Central China Normal University, China), Yuru Lin (Central China Normal University, China), Yuanyuan Zhan (Central China Normal University, China), and Jingsi Ma (Central China Normal University, China)</i>	
Designing and Applying an Argument-Driven Inquiry Instructional Model in the Teaching of History of Science for Pre-Service Science Teachers .....	28
<i>Zhixia Zheng (Central China Normal University, China), Xinman Li (Central China Normal University, China), and Taotao Long (Central China Normal University, China)</i>	

## Institutional Policies and Strategies

Teachers' Technological Pedagogical Content Knowledge for Integrative Science, Technology, Engineering, and Mathematics Education .....	37
<i>Ma. Jenina N. Nalipay (The Chinese University of Hong Kong, China), Morris Siu-Yung Jong (The Chinese University of Hong Kong, China), Thomas K.F. Chiu (The Chinese University of Hong Kong, China), and Ching-Sing Chai (The Chinese University of Hong Kong, China)</i>	
Factors Influencing Teachers' Intention to Continue Using Mind Mapping .....	42
<i>Shuang Yu (Central China Normal University, China), Linjing Wu (Central China Normal University, China), Qingtang Liu (Central China Normal University, China), Xinqian Ma (Central China Normal University, China), and Junmin Ye (Central China Normal University, China)</i>	
Research on the Influence of Parental Support on College Students' Self-Regulation Ability .....	47
<i>Can Zuo (Central China Normal University, China), Xuan Wang (Central China Normal University, China), Min Zou (Central China Normal University, China), Yangtze University, China), Han Wang (Central China Normal University, China), and Daiqi Wang (Central China Normal University, China)</i>	
The Effects of Self-Regulated Learning on College Students' Learning Outcomes: A Literature Review .....	52
<i>Yinghui Shi (Central China Normal University, China), Kexin Jia (Central China Normal University, China), Ling Chen (Central China Normal University, China), Jiayi Duan (Central China Normal University, China), and Harrison Hao Yang (Central China Normal University, China; State University of New York at Oswego, USA)</i>	
Co-Designing Artificial Intelligence Curriculum for Secondary Schools: A Grounded Theory of Teachers' Experience .....	58
<i>King Woon Yau (The Chinese University of Hong Kong, China), Ching Sing Chai (The Chinese University of Hong Kong, China), Thomas K.F. Chiu (The Chinese University of Hong Kong, China), Helen Meng (The Chinese University of Hong Kong, China), Irwin King (The Chinese University of Hong Kong, China), Savio Wai-Ho Wong (The Chinese University of Hong Kong, China), and Yeung Yam (The Chinese University of Hong Kong, China)</i>	
Discussion on New Engineering Talent Training System of Petrochemical Emergency Based on Multi-integration .....	63
<i>Jinlong Men (Guangdong University of Petrochemical Technology, China), Mei Liu (Guangdong University of Petrochemical Technology, China), Fangchao Kang (Guangdong University of Petrochemical Technology, China), and Fulei Zhao (Guangdong University of Petrochemical Technology, China)</i>	
Exploration on the Teaching Practice of "Three Combinations and Four Steps" Based on Goal-Problem Orientation .....	69
<i>Cuihong Yao (Guangdong University of Petrochemical Technology), Qinxu Zhang (Guangdong University of Petrochemical Technology), Yong Wan (Guangdong University of Petrochemical Technology), and Mustapha Mukhtar (Guangdong University of Petrochemical Technology)</i>	

## E-learning and Online Learning

A Study on the Relationship Between Digital Citizenship and Information Literacy Among Middle School Students .....	73
<i>Qian Wang (Huanggang Normal University, China), Hui Ma (Huanggang Normal University, China), and Shun Xu (Hubei University of Technology, China)</i>	
Exploring Influential Factors on Students' E-learning in Chinese Higher Education .....	77
<i>Yuting Zhang (University of Malaya, Malaysia), Donnie Adams (University of Malaya, Malaysia), and Kenny Cheah Soon Lee (University of Malaya, Malaysia)</i>	
Education Effectiveness Comparison Between Face to Face Lectures and Online Lectures .....	82
<i>Noriko Hanakawa (Hannan University, Japan) and Masaki Obana (Osaka Institute of Technology, Japan)</i>	
Online Learning of Basics of Graph Theory .....	88
<i>Milan Pokorný (Trnava University, Slovakia)</i>	
Understanding K12 Teachers' Continuance Intention and Behavior Toward Online Learning Communities .....	93
<i>Yongpeng Cui (Northwest Minzu University, China; Central China Normal University, China), Jixin Wang (Central China Normal University, China), Quan Zhou (Central China Normal University, China), and Yingying Lin (Weihai Education Bureau, China)</i>	
Exploring the Continuous Learning Willingness Under the Risk of Data Breach in Online Learning System: A Fuzzy-Set QCA Approach .....	98
<i>Yuwei Jiang (Central China Normal University, China), Qingtang Liu (Central China Normal University, China), Shufan Yu (Central China Normal University, China), Jingjing Ma (Central China Normal University, China), and Linjing Wu (Central China Normal University, China)</i>	
Emerging Issues Regarding Online Learning During the COVID-19 Pandemic: A Teacher's Perspective .....	102
<i>Terumi Miyazoe (Tokyo University of Science, Japan)</i>	
Research on the Improvement of MOOC-Based Self-Organized Online Teaching and Research Participation Degree for Primary and Secondary School Teachers .....	107
<i>Wenjing Luo (South China Normal University, China), Youru Xie (South China Normal University, China), Wan Xia (South China Normal University, China), and Yanting Zeng (South China Normal University, China)</i>	
Progress Tracking and Online Learning Assisted by Social Media Tools: A Case Study of Teaching Architectural Design .....	113
<i>Shaofu Li (Chung Hua University, China), Kwan-Keung Ng (Ming-Ai (London) Institute, United Kingdom), and Lap-Kei Lee (Hong Kong Metropolitan University, China)</i>	
Evaluation of a Web-Based Teaching Platform with EduTools and Adapted Indicators .....	118
<i>Kunyan Li (Huanggang Normal College, China) and Kebin Huang (Huanggang Normal College, China)</i>	
Discussion on the Basic Model of Intelligent Technology to Enable the Transformation of Learning Methods .....	123
<i>Zhenhua Liu (Northwest Normal University, China), Minsheng Fan (Northwest Normal University, China), and Binli Wang (Northwest Normal University, China)</i>	

Ideological and Political Blending Teaching Reform of Petrochemical Technology .....	126
<i>Li Wang (Guangdong University of Petrochemical Technology, China), Guangfa Zhu (Guangdong University of Petrochemical Technology, China), Wen Fu (Guangdong University of Petrochemical Technology, China), Shufeng Shan (Guangdong University of Petrochemical Technology, China), Sun Jin (Guangdong University of Petrochemical Technology, China), and Rujin Zhou (Guangdong University of Petrochemical Technology, China)</i>	
Task-Driven Online and Offline Blended Teaching Practice Based on ARCS Model .....	128
<i>Fang Lu (South China University of Technology, China), Bo Li (South China University of Technology, China), Hongji Zhan (South China University of Technology, China), Guang Liu (South China University of Technology, China), Xiaolin Ma (South China University of Technology, China), and Guang Yu (South China University of Technology, China)</i>	

## Ubiquitous Learning and Flexible Learning

The Publication Patterns and Research Issues of Hybrid Learning: A Literature Review .....	135
<i>Billy T.M. Wong (Hong Kong Metropolitan University, Hong Kong), Kam Cheong Li (Hong Kong Metropolitan University, Hong Kong), Hon Tung Chan (Hong Kong Metropolitan University, Hong Kong), and Simon K.S. Cheung (Hong Kong Metropolitan University, Hong Kong)</i>	
Systematic Design and Mode Construction of Mixed Teaching From the Perspective of Deep Learning .....	139
<i>Bo Qu (South China University of Technology, China) and Wenmin Zhang (South China University of Technology, China)</i>	
Research on Personalized Service Path of Learning Resources by Data Driven .....	143
<i>Haonan Wang (Northwest Normal University, China) and Ziqing Gao (Northwest Normal University, China)</i>	
Hybrid Teaching Management and Evaluation Based on Online Open Public Elective Courses	148
<i>Yanyan Liu (Guangdong University of Petrochemical Technology, China), Dawei Liu (Guangdong University of Petrochemical Technology, China), Quanwen Liu (Guangdong University of Petrochemical Technology, China), Wei Wang (Guangdong University of Petrochemical Technology, China), Qilin Wu (Guangdong University of Petrochemical Technology, China), and Lin Wang (Guangdong University of Petrochemical Technology, China)</i>	
Teaching Chemical Engineering Unit Operations Using Blended Learning Techniques and Process Simulation .....	154
<i>Jin Sun (Guangdong University of Petrochemical Technology, China), Shikui Wu (Guangdong University of Petrochemical Technology, China), Li Wang (Guangdong University of Petrochemical Technology, China), Xiuhong Meng (Guangdong University of Petrochemical Technology, China), Zhongfeng Fan (Guangdong University of Petrochemical Technology, China), Hui Chen (Guangdong University of Petrochemical Technology, China), Rujin Zhou (Guangdong University of Petrochemical Technology, China), and Xingye Zeng (Guangdong University of Petrochemical Technology, China)</i>	
Innovative Research and Practice of Goal-Problem-Oriented Blended Learning .....	157
<i>Xiuhong Meng (Guangdong University of Petrochemical Technology, China), Linhai Duan (Guangdong University of Petrochemical Technology, China), Huibo Qin (Guangdong University of Petrochemical Technology, China), and Rujin Zhou (Guangdong University of Petrochemical Technology, China)</i>	

## Gamification and Virtual Reality for Education

Exploring Primary School Students' Academic Emotions and Learning Achievement in an Immersive Virtual Reality Science Classroom .....	163
<i>Ruixue Liu (Northwest Normal University, China), Jiang Kang (Northwest Normal University, China), Lei Wang (Syracuse University, China), and Minsheng Fan (Northwest Normal University, China)</i>	
Interior Design Studio in the New Normal Era: A Virtual Reality Case Study .....	168
<i>Hoa Vo (Georgia State University, USA)</i>	
Developing a Digital Game for Assessing Primary and Secondary Students' Information Literacy Based on Evidence-Centered Game Design .....	173
<i>Sha Zhu (Central China Normal University, China), Jie Bai (Central China Normal University, China), Zhang Ming (Central China Normal University, China), Huan Li (Central China Normal University, China), and Harrison Hao Yang (Central China Normal University, China; State University of New York at Oswego, USA)</i>	
An Experimental Inquiry into Early Childhood Language Learning Based on Game Learning ..	178
<i>Xiaodong Wei (Northwest Normal University, China) and Ji Wang (Northwest Normal University, China)</i>	
Research on the Design and Effect of Early Childhood Education Games Supported by AR Technology .....	183
<i>Shiyan He (Northwest Normal University, China), Minsheng Fan (Northwest Normal University, China), and Zhenhua Liu (Northwest Normal University, China)</i>	
Experimental Research and Analysis of Immersive Virtual Reality Technology on Children's Language Teaching .....	186
<i>Xiaodong Wei (Northwest Normal University, China) and Mingkai Zhang (Northwest Normal University, China)</i>	
The Golden Ratio of Instructive Content to Entertaining Content in Mobile Augmented Reality Games .....	189
<i>Xiaodong Wei (Northwest Normal University, China) and Pengfei Xi (Northwest Normal University, China)</i>	

## Learning Analytics

A Review of Intelligent Application of Educational Knowledge Graph from the Perspective of Artificial Intelligence .....	195
<i>Linjing Wu (Central China Normal University, China), Fengjiao Tu (Central China Normal University, China), Qingtang Liu (Central China Normal University, China), Xinqian Ma (Central China Normal University, China), Xiangcheng Jia (Central China Normal University, China), and Yu Gao (Central China Normal University, China)</i>	
Design and Application of Piano Micro-Teaching Mode Under the Environment of "Internet +" .....	200
<i>Minsheng Fan (Northwest Normal University, China), Jing Liu (Lanzhou City University, China), and Tiantian An (Northwest Normal University, China)</i>	
A Corpus-Assisted Analysis of Learning Strategies in Curriculum-Based English Textbooks in China .....	206
<i>Yansui Chen (South China Normal University, China) and Manfei Xu (South China Normal University, China)</i>	

Embodiment and Cultivation of Media Literacy in the Business English Teaching Context: A Corpus-Driven Study on Textbooks .....	211
<i>Yin Feng (South China Normal University, China), Shuquan Li (South China Normal University, China), Jingru Huang (South China Normal University, China), and Manfei Xu (South China Normal University, China)</i>	
Analysis on the Characteristics of STEM Teaching Cases .....	216
<i>Xinru Yang (South China Normal University, China), Yidong Guo (South China Normal University, China), Xinxin Qiu (South China Normal University, China), Xiunan Jin (South China Normal University, China), Xianfei Luo (South China Normal University, China), and Yunxiang Zheng (South China Normal University, China)</i>	
The Effect of Different Feedback Strategy on Learning Outcome in Micro-Video Course Learning .....	221
<i>Qingtang Liu (Central China Normal University, China), Shiyao Gou (Central China Normal University, China), Jingjing Ma (Central China Normal University, China), Shufan Yu (Central China Normal University, China), and Yating Song (Central China Normal University, China)</i>	
Autonomy Strengthens the Predictive Power of Involvement Load Hypothesis on Students' Productive Vocabulary Performance .....	224
<i>Guoyuhui Huang (University of Hong Kong, China)</i>	
Reciprocal Effects of Teacher Autonomy Support and Student Academic Engagement in Blended Synchronous Learning Environment: A Two-Wave Longitudinal Study .....	229
<i>Wei Li (Central China Normal University, China), Anni Chen (Central China Normal University, China), Zunxian Liu (Central China Normal University, China), Sanwei Guo (Central China Normal University, China), and Weidong Fu (Central China Normal University, China)</i>	
How to Implement Efficient Blended Learning: The Effects of Teacher Support and Task Difficulty .....	234
<i>Anni Chen (Central China Normal University, China), Wei Li (Central China Normal University, China), Lisheng Chen (Central China Normal University, China), Jiu Wei (Central China Normal University, China), and Weidong Fu (Central China Normal University, China)</i>	
Research on National Common Language Learning Intervention for Young Children in Western Ethnic Areas Supported by AR Technology .....	239
<i>Qingli Wang (Northwest Normal University, China), Minsheng Fan (Northwest Normal University, China), and Min An (Northwest Normal University, China)</i>	
Algorithm for Counting the Number of Students in Class Based on Mask-RCNN Optimization .....	242
<i>Jinbin Li (Guangdong University of Foreign Studies, China) and Jianguo Xie (Guangdong University of Foreign Studies, China)</i>	

## **Instructional Technology**

Implementing and Testing an Interactive Educational Story Mobile App .....	247
<i>Mamoun Nawahdah (Birzeit University, Palestine) and Hadeel Ehmouda (Birzeit University, Palestine)</i>	
iTutor: Promoting AI Guided Knowledge Interaction in Online Learning .....	253
<i>Jun Xiao (Shanghai Open University, China) and Qingchun Bai (Shanghai Open University, China)</i>	

Teaching the Course of Petroleum Refinery Engineering Based on Goal Problem-Oriented Mode and Blended Learning Techniques .....	258
<i>Jin Sun (Guangdong University of Petrochemical Technology, China), Shikui Wu (Guangdong University of Petrochemical Technology, China), Li Wang (Guangdong University of Petrochemical Technology, China), Yi Su (Maoming R&amp;P Petrochemical Engineering Co., Ltd, China), Xiaomi Zhang (School of Art and Design, China), Hui Chen (Guangdong University of Petrochemical Technology, China), Rujin Zhou (Guangdong University of Petrochemical Technology, China), and Ming Zhang (CNOOC Refining &amp; Chemical Co., Ltd., China)</i>	
The Influence of AR Storybook on Preschool Children's Autonomous Reading Ability .....	262
<i>Guodong Yang (Northwest Normal University, China), Yayi Chen (Northwest Normal University, China), Yuanyuan Chen (Northwest Normal University, China), and Xiaodong Wei (Northwest Normal University, China)</i>	
Intelligent Technology Empowering the Design and Implementation of Primary School English Project-Based Learning .....	267
<i>Youru Xie (South China Normal University, China), Yachun Liu (South China Normal University, China), and Caoyin Li (South China Normal University, China)</i>	
The Development of Students' Computational Thinking Practices in AI Course Using the Game-Based Learning: A Case Study .....	273
<i>Jingsi Ma (Central China Normal University, China), Yi Zhang (Central China Normal University, China), Hesiqi Bin (Central China Normal University, China), Kang Wang (Central China Normal University, China), Jinfang Liu (Central China Normal University, China), and Hanrui Gao (Central China Normal University, China)</i>	

## Smart Learning Environment

Requirements and Prototypical Implementation of a Study Planning Assistant in CS Programs .....	281
<i>Tobias Hirmer (University of Bamberg, Germany), Jana Etschmann (University of Bamberg, Germany), and Andreas Henrich (University of Bamberg, Germany)</i>	
Designing Tangible Tools to Engage Silent Students in Group Discussion .....	286
<i>Yanhong Li (LMU Munich, Germany), Nadine Bachl (LMU Munich, Germany), Michelle Dutoit (LMU Munich, Germany), Thomas Weber (LMU Munich, Germany), Soen Mayer (LMU Munich, Germany), and Heinrich Hussmann (LMU Munich, Germany)</i>	
Empowering Future Education: Learning in the Edu-Metaverse .....	292
<i>Jinping Zhong (South China Normal University, China) and Yunxiang Zheng (South China Normal University, China)</i>	
The Effects of Teaching Presence and Learning Environment Preference on College Students' Deep Learning in the Rotational Synchronous Teaching Model .....	296
<i>Di Gong (Central China Normal University, China), Harrison Hao Yang (State University of New York at Oswego, USA; Central China Normal University, China), Di Wu (Central China Normal University, China), and Jinjun Dai (Central China Normal University, China)</i>	

Investigating Human Side Factors on Middle School Students' Self-Regulated Learning in the Smart Classroom Environment ..... 301  
*Yinghui Shi (Central China Normal University, China), Ling Chen (Central China Normal University, China), Kexin Jia (Central China Normal University, China), Zhuo Qu (Central China Normal University, China), and Harrison Hao Yang (Central China Normal University, China; State University of New York at Oswego, USA)*

**Author Index** ..... 307
