# Table of Contents

- **Message from the Chairs** ........................................................................................................ vii

---

**Building IoT Systems Modeling: A Object-oriented Metamodeling Approach** ........................................ 1
  Peter Yefi (Concordia University, Canada), Ramanunni Menon (Concordia University, Canada), and Ursula Eicker (Concordia University, Canada)

**Building an Interface for Controlling IoT Devices** ........................................................................... 9
  Steven Reiss (Brown University)

**An experiment to build an open source application for the Internet of Things as part of a software engineering course** ........................................................................................................ 13
  Rares Cristea (University of Bucharest) and Ciprian Paduraru (University of Bucharest)

**Motivating and Demystifying IoT Learning with Hackathons in a Maker Space, Low-code Development and Rapid Prototyping** ........................................................................................................ 17
  Kiev Gama (Universidade Federal de Pernambuco (UFPE))

**Event Driven Architecture: An Exploratory Study on The Gap between Academia and Industry** ........ 25
  Nader Trabelsi (École de Technologie Supérieure (ETS)), Cristiano Politowski (École de Technologie Supérieure (ETS)), and Ghizlane ElBoussaidi (École de Technologie Supérieure (ETS))

**Incorporating Failure Knowledge into Design Decisions for IoT Systems: A Controlled Experiment on Novices** ........................................................................................................ 33
  Dharun Anandayyaraj (Purdue University), Pujita Thulluri (Purdue University), Justin Figueroa (Purdue University), Harshit Shandilya (Purdue University), and James C. Davis (Purdue University)

**ReqMloT: An Integrated Requirements Modelling Environment for IoT Systems** .......................... 38
  Paul Boutot (Toronto Metropolitan University, Canada) and Sadaf Mustafiz (Toronto Metropolitan University, Canada)
