# 2024 International Symposium on Educational Technology (ISET) **ISET 2024**

## Table of Contents

Preface .....	xvi
Organizing Committee .....	xvii
International Program Committee .....	xviii
Keynotes .....	xx
Organizers and Sponsor .....	xxv

## Artificial Intelligence in Education

A Pilot Study on the Development and Validation of AI Literacy Test Items for Grade 7 to Grade 9 Students .....	2
<i>Yifan Chen (The Chinese University of Hong Kong, China), King Woon Yau (The Chinese University of Hong Kong, China), Ching Sing Chai (The Chinese University of Hong Kong, China), Thomas K. F. Chiu (The Chinese University of Hong Kong, China), Helen Meng (The Chinese University of Hong Kong, China), Irwin King (The Chinese University of Hong Kong, China), Savio Wai-Ho Wong (The Chinese University of Hong Kong, China), and Yeung Yam (The Chinese University of Hong Kong, China)</i>	
Assessing the Applicability of the CDIO Model to AI Curriculum in K-12 Education: A Quasi-Experimental Study with Eighth Graders .....	8
<i>Qiuyan Lin (South China Normal University, China), Runxin Tao (South China Normal University, China), Jun Tian (South China Normal University, China), Min Liu (South China Normal University, China), and Xue Tian (South China Normal University, China)</i>	
Crafting Tomorrow's Evaluations: Assessment Design Strategies in the Era of Generative AI .....	13
<i>Rajan Kadel (Melbourne Institute of Technology Melbourne, Australia), Bhupesh Kumar Mishra (Data Science, AI &amp; Modelling Centre University of Hull, UK), Samar Shailendra (Melbourne Institute of Technology Melbourne, Australia), Samia Abid (Data Science, AI &amp; Modelling Centre University of Hull, UK), Maneeha Rani (Data Science, AI &amp; Modelling Centre University of Hull, UK), and Shiva Prasad Mahato (Khwopa Engineering College, Nepal)</i>	
What does Artificial Intelligence Generated Content Bring to Teaching and Learning? A Literature Review on AIGC in Education .....	18
<i>Jiayuan Li (Central China Normal University, China), Sha Zhu (Central China Normal University, China), Harrison Hao Yang (State University of New York at Oswego, USA), and Jian Xu (Central China Normal University, China)</i>	

The Construction of a COPAE Project-Based Learning Model for Primary School Chinese Language Empowered by Digital Intelligence Technology .....	24
<i>Huayi Zhu (South China Normal University, China), Yi Qiu (South China Normal University, China), and Youru Xie (South China Normal University, China)</i>	
Research Trends of Artificial Intelligence in Language Education: A Bibliometric Review .....	29
<i>Lei Liu (South China Normal University, China) and Linling Fu (South China Normal University, China)</i>	
Development of a Formative Assessment System for Reports using Large Language Models and Rubrics .....	34
<i>Hideya Matsukawa (Tohoku University, Japan) and Chiaki Iwasaki (Kansai University, Japan)</i>	
A Symmetric Metamorphic Relations Approach Supporting LLM for Education Technology ....	39
<i>Pak Yuen Patrick Chan (City University of Hong Kong, China) and Jacky Keung (City University of Hong Kong, China)</i>	
An Investigative Study of Junior High School Students' Conceptions of AI Learning: A Drawing Analysis-Based Approach .....	44
<i>Sunan Zhao (Central China Normal University, China), Yi Zhang (Central China Normal University, China), Ying Wang (Central China Normal University, China), and Hanrui Gao (Central China Normal University, China)</i>	
Integrating Generative AI in Software Engineering Education: Practical Strategies .....	49
<i>Yishu Li (City University of Hong Kong, China), Jacky Keung (City University of Hong Kong, China), and Xiaoxue Ma (City University of Hong Kong, China)</i>	
Modeling Behavior Change for Multi-Model At-Risk Students Early Prediction .....	54
<i>Jiabei Cheng (The Hong Kong Polytechnic University, China), Yang Zhen-Qun (The Hong Kong Polytechnic University, China), Cao Jiannong (The Hong Kong Polytechnic University, China), Yu Yang (The Hong Kong Polytechnic University, China), Kai Cheung Franky Poon (HKRSS Tai Po Secondary School, China), and Daniel Lai (The Hong Kong Polytechnic University, China)</i>	
GPT and Translation: A Systematic Review .....	59
<i>Venus Chan (Hong Kong Metropolitan University, China) and William Ko-Wai Tang (Hong Kong Metropolitan University, China)</i>	
Evaluating Generative Artificial Intelligence in Answering Course-Related Open Questions: A Pilot Study .....	64
<i>Jingxiu Huang (South China Normal University, China), Yufeng Wei (South China Normal University, China), Lixin Zhang (South China Normal University, China), and Weirui Chen (South China Normal University, China)</i>	
A Preliminary Analysis of AI Chatbots for Individualized Nutrition Advice .....	70
<i>Lok Tin Wong (Hong Kong Metropolitan University, China), Kwok Tai Chui (Hong Kong Metropolitan University, China), Sally Shuk Han Pang (The University of Hong Kong, China), Jiaqi Liu (Hong Kong Metropolitan University, China), Edmond King Sing Fong (Hong Kong Metropolitan University, China), and Lap-Kei Lee (Hong Kong Metropolitan University, China)</i>	

Generating Multivariate Exam Scores using Copulas and Socioeconomic Factors .....	75
<i>Jackson Tsz Wah Chan (Hong Kong Metropolitan University, China), Kwok Tai Chui (Hong Kong Metropolitan University, China), Leung Pun Wong (Tung Wah College, China), Ryan Wen Liu (Wuhan University of Technology, China), Kwan-Keung Ng (Ming-Ai (London) Institute, United Kingdom), and Yan Keung Hui (Vocational Training Council, China)</i>	
Artificial Intelligence and Machine (Deep) Learning in Medical Education: A Bibliometric Analysis Based on VOSviewer and CiteSpace .....	80
<i>Jiaqi Liu (Hong Kong Metropolitan University, China), Kwok Tai Chui (Hong Kong Metropolitan University, China), Lap-Kei Lee (Hong Kong Metropolitan University, China), Fu Lee Wang (Hong Kong Metropolitan University, China), Simon K. S. Cheung (Hong Kong Metropolitan University, China), and Yan Keung Hui (Vocational Training Council, China)</i>	
Data Generation using a Probabilistic Auto-Regressive Model with Application to Student Exam Performance Analysis .....	87
<i>Jackson Tsz Wah Chan (Hong Kong Metropolitan University, China), Kwok Tai Chui (Hong Kong Metropolitan University, China), Lap-Kei Lee (Hong Kong Metropolitan University, China), Naraphorn Paoprasert (Kasetsart University, Thailand), and Kwan-Keung Ng (Ming-Ai (London) Institute, United Kingdom)</i>	
Impact of ChatGPT and Prompt on pre-Service Teachers' Technology-Enhanced Learning Design: a Mixed Method Study .....	91
<i>Jiale Quan (Central China Normal University, China), Rongna Li (Central China Normal University, China), Weiqin Wu (Central China Normal University, China), and Hui Chen (Central China Normal University, China)</i>	
Using Chatbots to Teach English as a Foreign Language: A Systematic Literature Review from 2010 to 2023 .....	97
<i>Xinran Xu (Central China Normal University, China), Yuxuan Wang (Central China Normal University, China), Zeyue Shang (Central China Normal University, China), Ling Jiang (Central China Normal University, China), and Heng Luo (Central China Normal University, China)</i>	
How Pre-Service Teachers' Basic Need Satisfaction Affect Their AI Literacy in AI Introductory Courses? the Roles of Emotional Engagement and Self-Regulated Learning .....	103
<i>Qin Yang (Northwest Normal University, China), Guoqing Lu (Northwest Normal University, China), Xiangchun He (Northwest Normal University, China), and Chenwen Zhang (Hubei University of Arts and Science, China)</i>	
The Construction and Application of Prompt Framework for Improving College Students' Human-Machine Synergy Learning Ability with Generative AI .....	109
<i>Wei Chen (South China Normal University, China), Xuru Yin (South China Normal University, China), and Youru Xie (South China Normal University, China)</i>	
A Review of Recommender Systems Based on Video Learning Resources in Online Education .	114
<i>Yan Li (Southwest University, China), Tao Xie (Southwest University, China), and Ying Tang (Southwest University, China)</i>	
Virtual Simulation Aids for AI Curriculum Learning: A Quantitative Evaluation with the 5E Instructional Model .....	119
<i>Runxin Tao (South China Normal University, China), Jun Tian (South China Normal University, China), and Yongyao Liang (Education Bureau of Baiyun District, China)</i>	

## Learning Analytics

The Effects of Positive Emotional Design on Learning Outcomes in Multimedia Learning: A Meta-Analysis .....	127
<i>Su Fang (Central China Normal University, China), Zhenkai Zhu (Central China Normal University, China), Zichen Tang (National Academy of Education Administration, China), Yanyan Jin (Central China Normal University, China), YaLi Wang (Central China Normal University, China), and Xian Peng (Central China Normal University, China)</i>	
The Relationship Between Digital Literacy and K-12 Students' Academic Performance: Mediation Effects of Problem-Solving Ability .....	132
<i>Shuangting Ding (Central China Normal University, China), Yi Zhang (Central China Normal University, China), Hao Huang (Central China Normal University, China), Dengkang Chen (Central China Normal University, China), and Zhimin Gao (Central China Normal University, China)</i>	
Modeling and Analysis of Online Facilitators' Inputs Based on Learning Analytics .....	137
<i>Xinyi Zhang (Peking University, China) and Wenming Guo (Peking University, China)</i>	
What Influences College Students to Drop Out of MOOC: A Study Based on Grounded Theory .....	142
<i>Haoyang Du (Northwest Normal University, China) and Xiangchun He (Northwest Normal University, China)</i>	
Application Research and Hotspot Analysis of Learning Analysis Technology in Education Based on CiteSpace .....	148
<i>Xue Guo (Northwest Normal University, China), Xiangchun He (Northwest Normal University, China), Zhuoyun Pei (Northwest Normal University, China), and Yuqi Han (Northwest Normal University, China)</i>	
Does Computational Thinking Really have an Impact on Academic Performance? A Systematic Review .....	153
<i>Pinghong Zhou (Central China Normal University, China), Yumin Tang (Central China Normal University, China), Yi Zhang (Central China Normal University, China), Yue Yu (Central China Normal University, China), and Yixin Li (Central China Normal University, China)</i>	
Is Multimodal Dictation Practice More Effective than Audio-Only Dictation? .....	158
<i>Huajuan Tang (South China Normal University, China), Xiaobin Liu (South China Normal University, China), and Huiwen He (South China Normal University, China)</i>	
Under the Condition of Mindfulness Meditation: The Influence of Positive Emotion Design on Multimedia Learning .....	163
<i>YaLi Wang (Central China Normal University, China), Yanyan Jin (Central China Normal University, China), Zheng Zhang (Central China Normal University, China), Su Fang (Central China Normal University, China), Zhenkai Zhu (Central China Normal University, China), and Xian Peng (Central China Normal University, China)</i>	
An Analysis of the Current Status of Student Teachers' Digital Literacy .....	168
<i>Min Chen (Central China Normal University, China), Huiyun Yang (Central China Normal University, China), Yating Li (Central China Normal University, China), and Chi Zhou (Central China Normal University, China)</i>	

The Mediating Role of Information Literacy on Reducing Academic Stress and Burden for Primary School Students .....	174
<i>Xiang Li (Central China Normal University, China), Shuxian Xu (Henan University of Science and Technology, China), Gang Chen (Hongshan District Education Bureau of Wuhan, China), and Heng Luo (Central China Normal University, China)</i>	
Tracking Students' Self-Regulated Learning Behavior Patterns in a Flipped Engineering Course using Process Mining: a Preliminary Study .....	179
<i>Xiangjun Chen (Central China Normal University, China), Taotao Long (Central China Normal University, China), Xiaomeng Zhu (Wuhan University of Technology, China), and Dong Wu (Wuhan University of Technology, China)</i>	
Objectives, Methods, and Challenges of Applying Intelligent Assessment in Education: A Systematic Review .....	185
<i>Yuanyuan Kuang (Southwest University Chongqing, China), Ying Tang (Southwest University Chongqing, China), and Tao Xie (Southwest University Chongqing, China)</i>	

## Virtual Reality and Augmented Reality

A Scoping Review of Educational Use of Spherical Video-Based Virtual Reality: Future Directions in Research .....	193
<i>Yowwen Shi (The Chinese University of Hong Kong, China)</i>	
The Impact of Mobile AR Application on Learning Motivation in Biological Learning Based on The ARCS Model .....	198
<i>Haixia Li (Beijing Normal University, China), Hainachuan Huang (Beijing Normal University, China), Yuhua Zhang (Beijing Normal University, China), and Su Cai (Beijing Normal University, China)</i>	
Exploring the User Experience of Geo-Spatial Tech: CAVE Immersive Augmented Reality Learning in the Geo-Project 1941 Battle of Hong Kong .....	203
<i>Yuet-ching Jeanne Lam (The Hong Kong Polytechnic University, China), Wai-Lok Wallace Lai (The Hong Kong Polytechnic University, China), Chi-Man Kwong (Hong Kong Baptist University, China), and Lee-Yee Rene Kwan (The Hong Kong Polytechnic University, China)</i>	
Utilizing Virtual Reality and Generative AI Chatbot for Job Interview Simulations .....	209
<i>Lap-Kei Lee (Hong Kong Metropolitan University, China), Eric Ho Chan (Hong Kong Metropolitan University, China), Kyler Kin-Lik Tong (Hong Kong Metropolitan University, China), Nardo Kwun-Hei Wong (Hong Kong Metropolitan University, China), Ben Shing-Yan Wu (Hong Kong Metropolitan University, China), Yin-Chun Fung (Hong Kong Metropolitan University, China), Edmond King Sing Fong (Hong Kong Metropolitan University, China), Leong Hou U (University of Macau, China), and Nga-In Wu (The Hong Kong Polytechnic University, China)</i>	
A Virtual Reality Simulator for Learner Drivers to Prepare for Driving Test in Hong Kong .....	213
<i>Lap-Kei Lee (Hong Kong Metropolitan University, China), Hugo Chi-Yat Chan (Hong Kong Metropolitan University, China), Jack Chung-Hing Koo (Hong Kong Metropolitan University, China), Tigo Jiahang Shen (Hong Kong Metropolitan University, China), Yin-Chun Fung (Hong Kong Metropolitan University, China), Jiaqi Liu (Hong Kong Metropolitan University, China), Tianyong Hao (South China Normal University, China), Zhenguo Yang (Guangdong University of Technology, China), and Nga-In Wu (The Hong Kong Polytechnic University, China)</i>	

Metaverse Improves the Learning Experiences Rather than Learning Outcomes: Evidence from an Experimental Study in Higher Education .....	217
<i>Heng Luo (Central China Normal University, China), Xiang Li (Central China Normal University, China), Jiakai Zhang (Central China Normal University, China), Feng Zhang (Central China Normal University, China), Jiarong Liang (Central China Normal University, China), and Xin Yin (Central China Normal University, China)</i>	

## **Innovative, Blended, and Collaborative Learning**

The Impact of STEM Courses and STEM Interests on the STEM Major Intention of Middle School Students with the Moderating Effect of Career Planning Courses .....	225
<i>Hao Huang (Central China Normal University, China), Yi Zhang (Central China Normal University, China), Shuangting Ding (Central China Normal University, China), and Dengkang Chen (Central China Normal University, China)</i>	

Research on Teaching Activities in University Blended Technology Development Courses with Support from Generative Virtual Digital Humans .....	230
<i>Xiaodong Wei (Northwest Normal University, China) and Haixuan Yan (Northwest Normal University, China)</i>	

Research on the Impact of Social Presence, Academic Self-Efficacy, and Flow Experience on Students' Learning Engagement in Blended Synchronous Learning .....	235
<i>Yitong Wei (Jiangnan University, China), Jinshuang Li (Jiangnan University, China), Ping Yin (Jiangnan University, China), Yinghui Shi (Central China Normal University, China), and Harrison Hao Yang (Central China Normal University, China)</i>	

Research and Practice on the Blended Online and Offline Training Model for Digital Literacy Cultivation of University Teachers .....	240
<i>Fang Lu (South China University of Technology, China), Xiaolin Ma (South China University of Technology, China), Gongmin Wang (South China University of Technology, China), Bo Li (South China University of Technology, China), Hongji Zhan (South China University of Technology, China), and Guiping Jin (South China University of Technology, China)</i>	

Enhancing Socially Shared Regulation and Equalized Discussions in Computer-Supported Collaborative Learning: A Role Scripts Approach .....	245
<i>Shiqiang Lian (Central China Normal University, China), Mengxi Yang (Central China Normal University, China), Qin Fang (Central China Normal University, China), Yuxin Ding (Central China Normal University, China), Zhicheng Dai (Central China Normal University, China), and Xian Peng (Central China Normal University, China)</i>	

Research on the Syllabus Structure and Connotation of Blended Learning Curriculum Based on OBE Theory .....	250
<i>Boyang Deng (South China Normal University, China) and Guangzhu Dong (South China Normal University, China)</i>	

Transitioning STEAM Workshop with Experiential Activities from Face-to-Face to Online .....	255
<i>Edmond King Sing Fong (Hong Kong Metropolitan University, China), Matthew Li (Hong Kong Metropolitan University, China), Fred Wang Fat Lee (Hong Kong Metropolitan University, China), Louise Luk (Hong Kong Metropolitan University, China), Lap-Kei Lee (Hong Kong Metropolitan University, China), and Kwok Tai Chui (Hong Kong Metropolitan University, China)</i>	

Understanding Co-Teaching Patterns and Their Influences on Student Engagement in Blended Synchronous Classroom: Through the Lens of Teaching Presence .....	258
<i>Yuie Yan (Central China Normal University, China), Mingzhang Zuo (Central China Normal University, China), Panpan Duan (Central China Normal University, China), Baoyi Deng (Central China Normal University, China), and Heng Luo (Central China Normal University, China)</i>	
Exploring the Impact of Course Activities for College Students' Metacognitive Regulation in Blended Learning Environment .....	264
<i>Mingzhang Zuo (Central China Normal University, China), Pengxuan Tang (Central China Normal University, China), Kunyu Wang (Central China Normal University, China), and Zhang Yao (Central China Normal University, China)</i>	
Role-Playing in Online International Chinese Collaborative Learning: A Framework Based on Activity Theory .....	269
<i>Zhang Liu (Central China Normal University, China), Huan Huang (South-Central Minzu University, China), and Qingtang Liu (Central China Normal University, China)</i>	
Engaging Student Engagement in Blended Learning Environments Through Integration of Small Private Online Courses .....	274
<i>Ruixue Liu (Northwest Normal University, China), Yonghuan Chai (Northwest Normal University, China), and Xiaodong Wei (Northwest Normal University, China)</i>	
Academic Emotions and Learning Engagement in Synchronous Delivery Classroom: Mediating Effects of Self-Efficacy and Learning Motivation .....	279
<i>Mengmeng Qi (Central China Normal University, China), Kainan Zhou (Cornell University, USA), Min Zou (Central China Normal University, China), Minxuan Yu (Central China Normal University, China), Yao Xiao (Central China Normal University, China), and Bowen Liu (Central China Normal University, China)</i>	
Is Creative Thinking Really Teachable? A Meta-Analysis Based on 64 Experimental or Quasi-Experimental Studies .....	284
<i>Sa Yang (Central China Normal University, China), Sha Zhu (Central China Normal University, China), Harrison Hao Yang (State University of New York at Oswego, USA), Daixi Zhang (Central China Normal University, China), and Shun Xu (Hubei University of Technology, China)</i>	
Research on "Scenarios-Resources-Interaction-Activities" (SRIA) Effective Strategies to Improve Virtual Simulation Learning Experience of Science in Primary School .....	290
<i>Youru Xie (South China Normal University Guangzhou, China), Qiuchun Lin (South China Normal University Guangzhou, China), Caoyin Li (South China Normal University Guangzhou, China), and Ziru Ouyang (The University of New South Wales Sydney, Australia)</i>	
Agile-Blended Learning Approach for Metropolitan Learners in Higher Education: a Systematic Literature Review .....	295
<i>William Ko-Wai Tang (Hong Kong Metropolitan University, China) and Venus Wing-Man Chan (Hong Kong Metropolitan University, China)</i>	
What did we say in a Blended Lesson Study Among Expert, in-Service and Preservice Teachers? Exploring the Collaborative Talk Pattern .....	300
<i>Miao Xu (Central China Normal University, China), Taotao Long (Central China Normal University, China), Xinxiang Wang (Central China Normal University, China), and Ziqian Wan (Central China Normal University, China)</i>	

Project-Based Flipped Classroom Model Focusing on Outcome Communication and Evaluation ....	305
---	-----

*Xiaohui Dong (Northwest Normal University, China), Xinyu Zhang (Northwest Normal University, China), and Xiaoyi Li (Northwest Normal University, China)*

Using Fine-Grained Data to Track Group Effectiveness and Individual Characteristics of Teachers in Blended Teacher Learning .....	310
---	-----

*Qingling Hu (Central China Normal University, China), Xinxin Zheng (Central China Normal University, China), Enhui Miao (Central China Normal University, China), Shihan Yang (Central China Normal University, China), and Qingtang Liu (Central China Normal University, China)*

## Smart Environments, Technologies, and Platforms

Digital Teaching Platform for Middle School Physical Education: Case Study on Tennis Lesson .....	319
---	-----

*Weiming Qu (Peking University, China), WeiZheng Chen (Jilin University, China), Yunfeng Li (Jilin University, China), Peng Liu (Jilin University, China), Liujia Yu (Wuhan Optics Vally No.4 Middle School, China), and Dingsheng Luo (Peking University, China)*

Design and Empirical Research of Critical Thinking Training Model Based on Digital Science Argument Mapping .....	324
---	-----

*Tiantian Gou (Northwest Normal University, China), Dingxin Guo (Northwest Normal University, China), and Minsheng Fan (Northwest Normal University, China)*

Research on Feedback Teaching Mode to Enhance Student Engagement Based on Smart Paper-pen System .....	329
--	-----

*Xiaoyan Wang (Northwest Normal University, China), Li Wang (Northwest Normal University, China), and Minsheng Fan (Northwest Normal University, China)*

A Study of Precision Instructional Interventions Based on Learner Profiles .....	334
--	-----

*Meng Li (Northwest Normal University, China), Tianyu Xue (Northwest Normal University, China), and Minsheng Fan (Northwest Normal University, China)*

Addressing Mental Health Problems Facing Marginalized Youths Through Technological Interventions: a Narrative Review .....	339
--	-----

*Peiyu Wang (Central China Normal University, China), Jing Cao (Central China Normal University, China), Gege Li (Central China Normal University, China), Feng Zhang (Central China Normal University, China), Yan Yi (Central China Normal University, China), and Heng Luo (Central China Normal University, China)*

Embracing Technologies to Facilitate Student Learning and Future Readiness .....	344
--	-----

*Spencer A. Benson (Education Innovations International Consulting LLC, United States)*

Study on the Influencing Factors of Junior high School Students' Cognitive Load in the Smart Classroom Environment .....	347
--	-----

*Yinghui Shi (Central China Normal University, China), Caiqin Cao (Central China Normal University, China), Hongxue Chen (Central China Normal University, China), Zhuo Qu (Central China Normal University, China), Jiayi Duan (Central China Normal University, China), and Harrison Hao Yang (State University of New York at Oswego, USA)*

The Theory of Facilitating Task Performance in the Presence of a Virtual Audience .....	352
<i>Rui Zhu (Osaka University, Japan)</i>	
Research on the Construction and Application of Smart Learning Space in Guangzhou Medical University .....	357
<i>Jiaxin Lau (Guangzhou Medical University, China), Ximo Chen (Guangzhou Medical University, China), Jiahai Ke (Guangzhou Medical University, China), and Zhan Cheng (Guangzhou Medical University, China)</i>	
Effects of Online Entertainment Modes and Duration on College Students' Online Learning Burnout .....	362
<i>Wentao Zou (Central China Normal University, China), Ying Peng (Central China Normal University, China), Yan Xiong (Central China Normal University, China), Yuping Zhao (Central China Normal University, China), Jixin Wang (Central China Normal University, China), and Bowen Liu (Central China Normal University, China)</i>	
The Relationship Between ICT Utilization and Digital Literacy: The Moderating Role of Parental Educational Level .....	367
<i>Ying Wang (Central China Normal University, China), Yi Zhang (Central China Normal University, China), Sunan Zhao (Central China Normal University, China), and Xinxin Zhang (Central China Normal University, China)</i>	
Intelligent Integration of Industry and Education in Innovative Talent Training .....	372
<i>Cunhui Lin (Guangdong University of Petrochemical Technology, China), Xiuhong Meng (Guangdong University of Petrochemical Technology, China), Changlin Yu (Guangdong University of Petrochemical Technology, China), Rujin Zhou (Guangdong University of Petrochemical Technology, China), Yingqiu Zhao (Guangdong University of Petrochemical Technology, China), Yike Sui (Guangdong University of Petrochemical Technology, China), Le Zhang (Guangdong University of Petrochemical Technology, China), and Xingye Zeng (Guangdong University of Petrochemical Technology, China)</i>	
Design and Implementation of a Graphical Programming Class for Computational Thinking in Elementary Schools .....	376
<i>Tianyu Xue (Northwest Normal University, China), Shiyan He (Northwest Normal University, China), and Weitong Guo (Northwest Normal University, China)</i>	
Using 3D Virtual and Physical Robot Alone or Together-Which Works Better for Learning Engagement and Computational Thinking .....	381
<i>Hanrui Gao (Central China Normal University Wuhan, China), Yi Zhang (Central China Normal University Wuhan, China), Kang Wang (Wuhan Academy of Education Sciences Wuhan, China), Fan Yu (Xingouqiao Primary School Wuhan, China), and Tianyu Li (Central China Normal University, China)</i>	
Using Museum to Promote Learning for K-12 Students: a Systematic Literature Review from 2003 to 2023 .....	386
<i>Qian Liu (Central China Normal University, China), Qifan Chen (Central China Normal University, China), and Heng Luo (Central China Normal University, China)</i>	
A Review of Intervention Practices to Improve Teachers' Occupational Well-Being .....	392
<i>Yi Lin (Peking University, China), Yanyin Wen (Peking University, China), Yue Guan (Peking University, China), Xiaomeng Wu (Peking University, China), Yingying Cha (The Education University of Hong Kong, China), and Min Liang (The Education University of Hong Kong, China)</i>	

A Review on Information and Communications Technology in Higher Education: Learning Theories and Applications .....	397
<i>Will W. K. Ma (Tung Wah College, China) and Lap-Kei Lee (Hong Kong Metropolitan University, China)</i>	
An Analysis of Engagement Dynamic Characteristics in a Research Methods Course Facilitated by Online Scaffolding .....	402
<i>Yuru Lin (Central China Normal University, China), Yi Zhang (Central China Normal University, China), and Dengkang Chen (Central China Normal University, China)</i>	

## Big Data and Network Analysis

The Construction and Application of Precise Teaching Mode Based on Educational Big Data ...	411
<i>Li Wang (Northwest Normal University, China), Xiaoyan Wang (Northwest Normal University, China), and Minsheng Fan (Northwest Normal University, China)</i>	
Exploring Pre-Service Science Teachers' Cognitive and Emotional Patterns in the Video-Based Multimodal Analysis Integrated Collective Reflection: an Epistemic Network Analysis .....	416
<i>Ting Wang (Central China Normal University, China), Rumeng Ye (Central China Normal University, China), and Taotao Long (Central China Normal University, China)</i>	
A Multi-Dimensional Analytics Approach to Course Evaluation .....	421
<i>Kam Cheong Li (Hong Kong Metropolitan University, China), Billy T.M. Wong (Hong Kong Metropolitan University, China), and Mengjin Liu (Hong Kong Metropolitan University, China)</i>	
The Role of the Six-hat Thinking Technique on Pre-Service Teachers' Collective Reflection: Lag Sequential Analysis on the Co-Regulation Pattern .....	425
<i>Aoxue Mei (Central China Normal University, China) and Taotao Long (Central China Normal University, China)</i>	
A Systematic Review of Theories, Themes, and Methods Related to Online Course Review Analysis .....	430
<i>Xieling Chen (Guangzhou University, China), Di Zou (Lingnan University, China), Haoran Xie (Lingnan University, China), and Fu Lee Wang (Hong Kong Metropolitan University, China)</i>	
Grey Relational Analysis of the Impact of Classroom Teaching Behaviors and Student Engagement: An Example from a University Technology Theory Classroom .....	435
<i>Yimei Huang (Central China Normal University, China), Wei Deng (Central China Normal University, China), and Chengcheng Wei (Central China Normal University, China)</i>	

## Gamification for Education

Effects of Blended Learning by Gamification on Chinese College Students' College English Learning Engagement and Foreign Language Anxiety .....	443
<i>Zhang Jing (Northwest Normal University, China), Li Yongjie (Northwest Normal University, China), Li Shuhua (Northwest Normal University, China), Ma Ruiqi (Northwest Normal University, China), Zhang Xiaolan (Northwest Normal University, China), and Zheng Xin (Northwest Normal University, China)</i>	

Impact of the BOPPPS Model Integrated with Game Elements on Learning Effect in Information Technology Courses for Junior Students .....	448
<i>Min Liu (South China Normal University, China), Jiaxingzhi Wan (South China Normal University, China), Jun Tian (South China Normal University, China), Xue Tian (South China Normal University, China), and Qiuyan Lin (South China Normal University, China)</i>	
Gamification's Impact on AI Education: An Empirical Analysis using the GAFCC Framework .....	452
<i>Xue Tian (South China Normal University Guangzhou, China), LiangTing Zhang (South China Normal University Guangzhou, China), Qiuyan Lin (South China Normal University Guangzhou, China), Min Liu (South China Normal University Guangzhou, China), and Jun Tian (South China Normal University Guangzhou, China)</i>	
Employ a Gamified Questioning Strategy to Facilitate Children's Literacy and Critical Thinking .....	456
<i>Qiaoling Liu (Central China Normal University, China), Zhongling Liu (Central China Normal University, China), and Xiuhua Li (Central China Normal University, China)</i>	
Effects of Digital Game-Based Learning on Students' Digital Commerce Literacy and Learning Engagement .....	463
<i>Shumin Chen (South China Normal University, China), Pucheng Huang (South China Normal University, China), Shaoshan Deng (Yunshan Primary School in Yuexiu, China), Yufei Xie (Yunshan Primary School in Yuexiu, China), Panpan Liu (South China Normal University, China), and Yunxiang Zheng (South China Normal University, China)</i>	
<b>Author Index .....</b>	<b>469</b>
