Table of Contents

21 **A Decision on the Red River: Developing America s Last Great River for Transportation Needs**

32 **A Heuristic Master Planning Algorithm for Multi-Channel Supply Chain Considering Fairness and Backorder with Capacity Constraint**

47 **A Machine Learning Algorithm for Performance Evaluation of Decision-Making Units Using Cluster Analysis Model in the Large-Scale DEA Context**

60 **A Model for Teaching Process Evolution**

78 **A Transformational Perspective on Resilience of Multi-Tier Supply Chains: The Case of Blockchain Technology**

79 **AI Evolution in Your Hands: Investigating the Impact of Users' Perception in the Evolutionary Process of Artificial Intelligence in Mobile Banking**

108 **AI has been flying below the business curriculum radar: understanding the role of AI, its benefits and challenges**

109 **AI's Double-Edged Sword: Confronting Bias, Misinformation, and Ethical Challenge**

135 **AI-Driven Framework for Identity Governance and Access Management**

139 **AI-Enhanced Decision-Making: Integrating Information Technology Best Practices With Expert Insight**

159 **AI-Powered Mobile App for Brain Hemorrhage Detection Using Deep Learning** *Hafsa*

171 **An Approach for Safe Resource Utilization and Load Balancing Using PAAS-Integrated Cloud Computing Strategies**

178 **An Effective Strategy for Elevating Population Mean Estimation using Linear and Non-Linear Cost Functions in Stratified Sampling**

184 **An Exploratory Thematic Analysis of Information Systems and Data Analytics Student Internship Experiences: Challenges, Opportunities, and Recommendations**

191 **Analysis of operational tools and techniques in companies with substantial foreign direct investment in Armenia**

227 **Analyzing Users' Comments on Breast Cancer Apps**

235 **Analyzing the Factors Influencing Violent Crime Rates in Midwestern States Using Machine Learning**

252 **Are Chief Sustainability Officers Guardians Of Environmental Justice? An Empirical Evaluation**

253 **Assessing the Accuracy and Reliability of LLMs in Classroom Analytics Exercises: Insights from Three Case Studies**

266 **Assessment of Undergraduate Students' Perceptions of Competency Development in Modernized Industrial Engineering Curriculum: a Case Study**

285 **Benefits of social media use at work A work-life enhancement perspective**

315 **Beyond Words: Unveiling the Effect of Physicians Use of Audio Communication in Online Healthcare Communities**

316 **Beyond a Journey: A Theory of the Supply Chain Sustainability and Circularity Odyssey**

353 **Beyond the Illusion: Human and AI Challenges in Cyber Attribution**

366 **Blockchain and corporate financial performance: An empirical evidence from the circular economy perspective**

386 **COVID-19 s Influence on American Supermarket Decision Making: A Study of Supermarket Food Trends**

401 **Corporate ESG strategy and ambidextrous innovation: The role of industrial competition and inter-organizational relationship**

402 **Creating datasets for analytics courses Writing a mystery novel by working backward**

419 **Critical Thinking in Doctoral Dissertations**

431 **Curse Those RMDs! No, Embrace Those RMDs!!! It is a Balancing Act!**

440 **Deciding on a College Transfer: Uncovering Transition Queries and Concerns via Reddit Topic Modeling**

Deepening students knowledge of real-world decisions in supply chain and logistics systems

Delivery task operational characteristics and driver behaviors

Designing Investment Plans for Electric Power Grids: Promoting Economic Growth and Ensuring Energy Security

Detecting and Mitigating Bias in AI Algorithms to Ensure Fairness

Determinants of Electronic Document and Records Management System adoption and use in the Saint Vincent and the Grenadines Public Sector

511 **Dissolving Philoetius' Sustainability Paradox: A Systems Perspective on Supply Chain Sustainability and Circularity**

512 **Ditching the lecture and textbook: Designing a decision analytics class around team-based learning and group development using OER**

513 **Do Risk Aversion and Ambiguity Aversion Influence Sustainability Practices Differently? An Empirical Survey Investigation and Scale DevelopmentThrough Stakeholder Theory**

514 **Do Sustainable Practices and Board Diversity Reduce Stock Crash Risk in China?**

515 **Effects of Customer Experiences on Customer-Perceived Value in Wellness-Centric Hotel Stays**

516 **Efficiency vs Sustainability: The Operational Challenges of Palm Kernel Shell (PKS) as a Sustainable Boiler Fuel at Thai Glycerine Co., Ltd.**

517 **Employees affects and beliefs as antecedents of OCB toward change**

implementation

518 **Enhancing Firm Performance: The Impact of Organizational Memory, Information Systems Strategies Enabled by Strategy-Making on Process Innovation Capability in Developing Economies**

540 **Enhancing operational performance in weak institutional environments: The role of institutional resources.**

541 **Estimating Inventory Control Parameters for the Continuous Review Policy when Orders Crossover**

542 **Examining Network Centrality of Multi-tier Suppliers and Buyer Financial Performance**

543 **Examining the effects of Real Time Location Systems in Hospitals: The moderating role of operational complexity on inventory and quality performance**

544 **Exploring Challenges and the Evolution of the Retail Industry: A Consumer Perspective**

545 **Exploring Cybersecurity Research on Critical Infrastructure**

563 **Exploring the Impact of the Paris Agreement on the Nexus among CO2 Emissions, Economic Growth and energy consumption in Emerging Economies.**

575 **Farway Hospital Emergency Department**

587 **Fast-food stores with a drive-through recovered post-pandemic; Stores without did not**

588 **Generative AI: The Catalyst for Widespread Adoption of Knowledge Robots and Democratizing Computing**

606 **Going Moral with Going Green: An Investigation of Firm and Supply Base Sustainability Congruence on Firm Performance**

607 **Health Expenditure, Life Expectancy, and Regime Type**

620 **Healthcare Predictive Analytics for Risk Profiling Patients with Lung Chronic Diseases: A Design Science-Based Machine Learning Approach**

657 **How Do ICT Production and Use Affect Economic Growth through Energy Consumption?: The Case of European Countries**

673 **How IT Drives Diversification and Performance: An Empirical Study of Financial Services Firms**

690 **Human Genetic Engineering: An Analysis of Public Opinion**

700 **Identification of the Key Challenges in the Supply Chain of two and three-wheeler EV Industry of Pakistan**

710 **Identifying and Analyzing Manufacturing Objectives in Online Product Reviews**

720 **If the Blockchain Could Block: Strategic Blockchain Adoption by Manufacturer as Deterrence to the Selling of Counterfeits by Retailer**

721 **Impact of Training & Development on Leadership Performance in Disaster Management**

734 **Implications of Reverse Logistics Strategies for Selling Refurbished Products**

735 **Inclusion of Critical Thinking in Pedagogy of Linear Programming Course: Case 1**

764 **Income Planning for Individuals Anticipating Higher Income at Age 65 and Beyond With Emphasis on Medicare Insurance Premiums**

771 **India s Digital Divide: Geographic Patterns and Socioeconomic Influences**

801 **InfoSecPilot: Navigating the Complex Landscape of Information Security with an AI-Powered Knowledge Management Chatbot**

827 **Integrating Technical and Human Elements to Enhance EHR Security: A Comprehensive Review of Vulnerabilities, Safeguards, and Training Effectiveness**

837 **Integration of Quality by Design (QbD) into Project Management Frameworks**

848 **International Entry Modes, CEO Tenure, and Firm Performance**

849 **Leveraging Pricing Strategies to Match Orders with Demand**

850 **Local labor market effects from Million Dollar Plants (MDPs)**

876 **Metamodel Initialization of a Search Algorithm for Repair Kit Applications**

889 **Mixing Fun and Function: A Qualitative Data Analysis Exercise Using Music Playlists**

899 **Modeling the Influence of Unpaid Effort in Delivery Agents' Choices in Last-Mile Platforms**

900 **Modeling the Stochastic Character of Wind Production Using Intermittent Forecasting**

905 **Modern Slavery in Global Supply Chains**

906 **Odyssey Theory: A Multi-Scale Theory of Supply Chain Sustainability and Circularity**

941 **Optimization Models and Algorithms for a Group Seating Problem**

953 **Optimizing IT Adoption: Balancing Functionality and Usability in Technology Choices**

968 **Optimizing Lead Time Prediction in Healthcare Supply Chain Management using Machine Learning**

979 **Organizational Knowledge Integration and Generative AI**

985 **Overcoming Security Challenges in Healthcare Data Mining through Data Self-protection and Artificial Intelligence**

997 **Patient-Centric Innovation in Service Modalities for End-Stage Renal Disease**

998 **Persistence Pays? The Effect of Buyer-Supplier Relationship Tenure on Buyer s Market Performance**

1016 **Personalities in the Digital Wallet: How Extraversion and Neuroticism Affect Mobile Payment Adoption**

1024 **Porsche Drive (A): Vehicle Subscription Strategy; Porsche Drive (B): Pricing**

Analytics

1025 **Preparing supply chain professionals: using digital sticky notes in teaching supply chain in a synchronous class**

1026 **Procurement Analytics Impacts on Cost Savings and Quality Improvement in the Construction Industry**

1043 **Project Management for the Future: Leveraging Technology and Sustainability**

1055 **Retail Effort Paradox: Does More Effort Always Deter Supplier Encroachment?**

1056 **Rosy Signals and Postponement: Teeing up Future Risk in Maintenance Operations**

1073 **Scans, Traffic, and Sales: Unveiling the Influence of Mobile Consumer Scanning on Retail Dynamics**

1102 **Securing Microservices in Healthcare Insurance: A Zero-Trust Architecture Approach**

1124 **Selection, Payment, and Information Assessment in Social Audits: A Behavioral Experiment**

1125 **Strategic Planning 4.0: Automate the Process with Quality 4.0**

1136 **Structural Estimation of Attrition in a Last-Mile Delivery Platform: The Role of Driver Heterogeneity, Compensation, and Experience**

1137 **Supply Chain Sustainability and Industry 4.0 Technologies: A Literature Review**

1138 **Supporting Climate Risk Mitigation Decision Making For University Facilities**

1154 **Sustainability Practices, Inclusivity and Company Reputation**

1162 **Technology as an Invisible Chain: Case from Egypt**

1175 **The Correlation of MST and MSE, A Simple Explanation of the Association of Unequal Skewness with F Test Power**

1186 **The Effects of Physician Focus and Manufacturer Variation on Surgical Supply Waste**

1187 **The Egg Hunt Scrambling to Make Alfredo Sauce at Gia Russa**

1188 **The Health Beliefs Model and Social Support Theory Related to Anxiety of Electronic Health Record Systems**

1206 **The Impact of Electronic Health Record Systems: A Process Perspective**

1219 **The Impact of Virtual Visit Adoption on Ambulatory Care Utilization and Patient Health Outcomes**

1254 **The Influence of Lean Manufacturing Practices on Joint Product Development**

1260 **The Influence of Organizational Culture on AI adoption and Organizational Performance**

1273 **The Resiliency of the Real Estate Market Faced by External Shock**

1274 **The Role of Postponement and Mass Customization in Outsourcing: An SEM Analysis**

1292 **The Sustainable Advantage: Investigating Sustainability Reporting Effects on Cost of Debt**

1308 **The impact of Using Video Presentations to Increase Awareness of the Information Systems Major**

1309 **The role of Artificial Intelligence in dealing with climate change: a patent analysis in the manufacturing industry**

1310 **The strategies between geographic location and network relationship on innovation performance: A contingency model**

1311 **Transformative Decision-Making for Inclusive Excellence: Empowering International Students in Higher Education**

1333 **Understanding Mobile Banking Adoption in Indonesia: A UTAUT2 perspective with Integration of Perceived Risk and Perceived Security.**

1349 **Understanding Urban Sewer Infrastructure Maintenance Inefficiencies Through Process Modeling Technique**

1361 **Unlocking Simulation Modeling Proficiency: GPT as a Key to Autonomous Expertise Development**

1378 **Unveiling the Cutting Edge - A Literature Review of Smart Manufacturing Systems**

1403 **Utilizing Randomly Collected Survey Data for Heart Disease Prediction**
