# TABLE OF CONTENTS

|                                                                                                                                                   |    |
|---------------------------------------------------------------------------------------------------------------------------------------------------|----|
| Dual-Mode Operated Multilevel Inverter: Design and Hardware Implementation .....                                                                  | 1  |
| <i>M. Ahsanul Alam, M. Siddikur Rahman, M. Fayzur Rahman, Nor Z. Yahaya, M. Tariqul Islam</i>                                                     |    |
| GaN HEMT Gate Driver for Crosstalk Suppression .....                                                                                              | 7  |
| <i>Low J. Yi, Freddy T. K. Suan, Mumtaj Begam, Ting Z. Lam</i>                                                                                    |    |
| Optimizing Grid-to-Vehicle Wireless Power Transfer with a Single-Phase Matrix Converter .....                                                     | 12 |
| <i>Wan M. H. W. Bunyamin, Muhammad A. Kamarudin, Rahimi Baharom</i>                                                                               |    |
| Efficiency Improvement of Parallel Source Inverters in Islanded AC Microgrid.....                                                                 | 18 |
| <i>M. Akib Hasan, M. Showkot Hossain, M. Azrik Roslan, Azrilmukmin Azmi, Jenn H. Leong, Ahmad A. Nazib</i>                                        |    |
| Developing a Small Footprint and Low-Cost Solar Charge Controller.....                                                                            | 24 |
| <i>Aimi D. Azhar, Fazrena A. Hamid, Azrul Ghazali, Ahmad W. M. Zuhdi</i>                                                                          |    |
| Capacitorless Switched Inductor Single DC Source Multilevel Inverter.....                                                                         | 28 |
| <i>Mohamad H. M. Ishak, Norjulia M. Nordin, M. Rodhi Sahid, Razman Ayop</i>                                                                       |    |
| Artificial Neural Network (ANN) Prediction of Guide Vane for Effective Utilization of Pump as Turbine (PAT).....                                  | 34 |
| <i>Salisu M. Lawan, Sagir J. Kawu</i>                                                                                                             |    |
| Experimental Investigation on the Performance of Single Glazed Nano-Coated Absorber in Solar Air Heaters Integrated with Rectangular Baffles..... | 40 |
| <i>Shek Rahman, Salah Issa, Zafar Said, Ahmed Hachicha</i>                                                                                        |    |
| Technoeconomic Analysis on the Development of Solar-Wind Hybrid Power Plant in Komodo Island .....                                                | 46 |
| <i>Roby Ikhsan, Alfian M. Reza, Joko Muslim, Zainal Arifin</i>                                                                                    |    |
| Mitigating High EV Charging Demand on Residential Distribution Systems using Community Energy Storage (CES) .....                                 | 52 |
| <i>Nuraina W. A. Rahman, M. Pauzi Abdullah, Babangida Modu</i>                                                                                    |    |
| The Impact of Different PV Model Parameters on the Characteristics and Behavior of the PV Arrays.....                                             | 58 |
| <i>Khaled I. Baradie, Muhammad A. A. M. Zainuri</i>                                                                                               |    |
| Particle Swarm Optimization for Comprehensive Fault Management in Microgrid System .....                                                          | 65 |
| <i>Venkata S. Borra, K. Debnath</i>                                                                                                               |    |
| On the Potential of Solar Energy for Hospitals in Malaysia.....                                                                                   | 70 |
| <i>Siow C. Lim, Leao H. Yew, Anandan Panneerselvam</i>                                                                                            |    |
| Design and Implementation of Blockchain-Based Smart Contracts for Enhancing Ancillary Services Management in Electricity Markets .....            | 76 |
| <i>Nazreen B. Junaidi, M. Pauzi Abdullah, Mohamed Shaaban, Nurul Hashim, Johari B. Abdullah, Atiq F. Bin Fazari</i>                               |    |
| Enhancing the Security of IEC-61850 GOOSE Messages During Transmission.....                                                                       | 82 |
| <i>V. Gawthamnathan, Ravi Yadav</i>                                                                                                               |    |

|                                                                                                                                                         |     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Towards Leveraging Digital Twin Technology in Renewable Energy Microgrids: Applications and Challenges .....                                            | 86  |
| <i>Shasha Li, Chee W. Tan, Kwan Y. Lau, Chuen L. Toh, Shahrin M. Ayob, Miao Yang</i>                                                                    |     |
| Investigation of the Impact of Control Parameter on Virtual Synchronous Generator-Based Grid-Forming Inverters for Enhanced Power System Stability..... | 92  |
| <i>Aminu J. Aliyu, Ramani Kannan, Ho T. Wei</i>                                                                                                         |     |
| Impact Assessment of Topology Attack on Power System using Graph Theory .....                                                                           | 98  |
| <i>Akansha Malhotra, Bhavya Sharma, Preeti, Ravi Yadav</i>                                                                                              |     |
| A Review of Smart Microgrid Architecture and Topologies .....                                                                                           | 104 |
| <i>Sarmid S. Abdulsattar, Chee W. Tan, Shahrin Bin Ayob, Ahmed T. Dahiru, Kwan Y. Lau, Chuen L. Toh</i>                                                 |     |
| Hybrid Energy Storage Management in a Renewable Energy-Based Residential Nanogrid.....                                                                  | 110 |
| <i>Ahmed T. Dahiru, Chee W. Tan, Kwan Y. Lau, Chuen L. Toh, Razman Ayop, Oladimeji Ibrahim</i>                                                          |     |
| Digital Twin Simulation and Comparative Study to Understand the Microgrid Operation and Control.....                                                    | 116 |
| <i>Krishna K. Saini, Chinmay Yadav, Hitesh D. Mathur, Aditya R. Gautam</i>                                                                              |     |
| Single-FCS Based VSM with SOC Voltage Feedback Controller for Future E-Mobility Network .....                                                           | 122 |
| <i>Kabir Momoh, Shamsul A. Zulkifli, Petr Korba, Felix R. S. Sevilla, Arif N. Afandi</i>                                                                |     |
| Application of Full Stack Web Development Technology in Load Flow Analysis for Real Time Electrical Power System Management .....                       | 128 |
| <i>Nnaemeka G. Ajah, Kesandu Uchenyi, Onyenwe Kesandu-Uchenyi, Emenike C. Ejiogu</i>                                                                    |     |
| Improving the FMEA Method to Failure Risk Assessment of Transformers: A Case Study in Tehran Electric Power Distribution Transformers.....              | 132 |
| <i>Atefeh P. Shafei, Alireza Rezaei, J. F. A. Silva, J. Monteiro</i>                                                                                    |     |
| Enhancing Resilience: Analysis and Prevention of Trip Caused by Bush Fire on Transmission Lines in North Eastern Regional Grid of India.....            | 140 |
| <i>Amaresh Mallick, Biswajit Sahu, Bimal Swargiary, Chitra B. Thapa, Dinesh Rai</i>                                                                     |     |
| Impact of Hydro Generation Outage Due to High Silt in Northern Region of India .....                                                                    | 145 |
| <i>Deepak Kumar, Sugata Bhattacharya, Mahavir P. Singh, Alok Kumar, Somara Lakra, Nabarun Roy</i>                                                       |     |
| Power Loss Reduction by Utilizing Capacitor Bank at Strategic Location with Optimum Sizing using PSO .....                                              | 151 |
| <i>M. H. A. Zawawi, Syed N. S. Nasir, Rasyidah M. Idris, Madihah M. Rasid, Razman Ayop, Norazliani M. Sapari</i>                                        |     |
| BOT Based Real Time Power Management .....                                                                                                              | 156 |
| <i>Trusha Biswas, P. Devanand, Rajeev Kumar</i>                                                                                                         |     |
| Multi-Phase Induction Machine Analysis: A Simulation-Based Comparison of Three-Phase and Six-Phase Configurations .....                                 | 162 |
| <i>Wan N. W. A. Munim, Wan M. H. W. Bunyamin, Ahmad N. S. M. Suhaimi, Rahimi Baharom, Khairul S. Muhammad</i>                                           |     |
| Spot Market Clearing Method Including Unit Commitment.....                                                                                              | 168 |
| <i>Keita Kato, Hiroumi Saitoh</i>                                                                                                                       |     |

|                                                                                                                                     |     |
|-------------------------------------------------------------------------------------------------------------------------------------|-----|
| Streamlining Economic Load Dispatch Operations Through Cloud Solutions .....                                                        | 174 |
| <i>Gaurav K. Rawal, Abhishek Kumar, Ravi Yadav</i>                                                                                  |     |
| Class Topper Optimization Approach to Solve Non-Convex Combined Heat and Power Economic<br>Dispatch Problems in Power Systems ..... | 179 |
| <i>Pradeep K. Gupta, Kaur Tuttelberg, Jako Kilter</i>                                                                               |     |
| Methodology for Forecasting the Cost of Substation Asset Management in Upcoming Future.....                                         | 185 |
| <i>Guido Andreessen, Madis Leinakse, Jako Kilter, Mart Landsberg</i>                                                                |     |
| Low DG Fuel Consumption Solution for Communications Base Stations in Areas with Poor Mains<br>Power Availability .....              | 191 |
| <i>Liu Ji-Liang, Li Yu-Sheng, Song Xiao-Wei, Zhang Yu, Chen Xu-Mei, Wang Can-Can</i>                                                |     |
| Design & Fabrication of MXene-Coated Fabric for EMI Shielding .....                                                                 | 195 |
| <i>A. Arivarasi, M. Harini, A. Thaarini, N. S. Shashwath, Ramani Kannan</i>                                                         |     |
| An Optimal Tuning of PI Controller for Shunt Active Power Filter Based on PI-PSO Approach .....                                     | 199 |
| <i>Syahr A. A. Shukor, Wahidah A. Halim, Atikah Razi, M. A. M. Radzi, Nashiren F. Mailah,<br/>Mohammad L. Othman</i>                |     |
| Deep Learning Method with Application to Neutral-to-Ground Voltage (NTGV) Classification .....                                      | 205 |
| <i>M. Ezwan Mahadan, Ahmad F. Abidin, M. A. T. M. Yusoh, Muhammad M. Mustam, Siti A. M.<br/>Saleh, Muhammad A. Hairuddin</i>        |     |
| Hyperparameter Analysis-Based Long-Short Term Memory (LSTM) for Power Quality<br>Disturbances Classification .....                  | 211 |
| <i>M. F. H. M. Fadzli, Shahrani Shahbudin</i>                                                                                       |     |
| Effect the Numbers of Lightning Impulse Shot on Electrical Tree Growth in Silicone Rubber.....                                      | 217 |
| <i>M. Hafiz Ismail, Sarizan Bin Saiidon, Mariatti J. Mustapha, Mohamad K. M. Jamil</i>                                              |     |
| Denoising and Extraction of Partial Discharge Pulse Characteristics using Wavelet Denoising and<br>Local Maxima Method .....        | 221 |
| <i>Maninder Choudhary, Ivo Palu, Ivar Kiitam, Muhammad Shafiq, Paul Taklaja, Abhinav<br/>Bhattarai</i>                              |     |
