# TABLE OF CONTENTS

|                                                                                                                                                             |    |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| Development and Evaluation of a Machine Learning Model for Cobot Action Prediction:<br>Optimizing Algorithms Through Cognitive Workload Metrics .....       | 1  |
| <i>Lala Rukh, Yasir Ahmad, Uzair Khaleeq Uz Zaman, Mohsin Islam Tiwana, Afshan Naseem</i>                                                                   |    |
| Leveraging Deep Learning with Multi-Head Attention for Accurate Extraction of Medicine from<br>Handwritten Prescriptions .....                              | 7  |
| <i>Usman Ali, Sahil Ranmbail, Muhammad Nadeem, Hamid Ishfaq, Muhammad Umer Ramzan,<br/>Waqas Ali</i>                                                        |    |
| Human-Centered Design and Development of an Elderly Care Robot .....                                                                                        | 13 |
| <i>Ali Sajid, Muhammad Noor Sultan, Muhammad Muaviz Ishfaq, Ali Raza</i>                                                                                    |    |
| Navigating the Maze Environment in ROS-2: An Experimental Comparison of Global and Local<br>Planners for Dynamic Trajectory Planning in Mobile Robots ..... | 20 |
| <i>Syed Muhammad Hussain, Muhammad Ahmed Atif, Syed Muhammad Daniyal, Laiba Ahmed,<br/>Basit Memon, Qasim Pasta</i>                                         |    |
| Smart Muscle Guardian: A Wearable Device for Real-Time Monitoring of Muscle Fatigue .....                                                                   | 27 |
| <i>Irum Gull Bashir, Zeeshan Asfar, Rahat Ali, Mohsin Tiwana</i>                                                                                            |    |
| Bare Printed Circuit Board Defects Localization and Detection Using YOLOv5 Models .....                                                                     | 31 |
| <i>Wajih Ahmed Khan, Amir Hamza, Muhammad Usman Akram, Umar Shahbaz Khan, Tahir<br/>Nawaz</i>                                                               |    |
| Internet of Robots: An Open-Source Framework for Cloud-Based Global Remote Control and<br>Monitoring of Robots .....                                        | 38 |
| <i>Fabeha Raheel, Laibah Raheel, Hassan Mehmood, Muhammad Bilal Kadri, Umar Shahbaz<br/>Khan</i>                                                            |    |
| Fuzzy Logic Based Brake Failure Detection & Collision Avoidance Model for Automated Driving<br>System .....                                                 | 44 |
| <i>Amil Roohani Dar, Faisal Riaz</i>                                                                                                                        |    |
| Impact of Different Parameters on Symmetry and Size of Single Step Anodization Nanopores in<br>Porous Alumina .....                                         | 50 |
| <i>Nabeela Noor, Shah Haider, Zaki Uddin, Iqra Ashfaq</i>                                                                                                   |    |
| Optimizing Wind Speed Estimation with Least Squares Generative Adversarial Networks: A Case<br>Study of Pakistan.....                                       | 56 |
| <i>Iqra Ashfaq, Hasan Zahid, Fajr Naveed, Aaisha Abid, Zaki Uddin</i>                                                                                       |    |
| A Lightweight CNN for RGB-D Grasp Classification in Computer Vision-Based Prosthetic Hands .....                                                            | 62 |
| <i>Umar Farooq, Wajdan Ali Khan, Ayesha Zeb, Izna Awais, Mohsin Tiwana, Muhammad Qasim<br/>Tariq</i>                                                        |    |
| From Detection to Diagnosis: Elevating Track Fault Identification with Transfer Learning .....                                                              | 68 |
| <i>Sahil Jatoti, Bushra Abro, Noorulain Mushtaq, Ali Akbar Shah Syed, Sanam Narejo, Mahaveer<br/>Rathi, Nida Maryam</i>                                     |    |
| A Multi-Sensor Approach for Thermal Environment Monitoring in Public Transport.....                                                                         | 74 |
| <i>Saqib Mehmood, Rana Muhammad Usman, Ali Javaid, Muhammad Sajid</i>                                                                                       |    |

|                                                                                                                                                   |     |
|---------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| A Soft Robotics Approach to Prosthetic Hands: Integrating 3D Printing Techniques and Embedded Vision .....                                        | 80  |
| <i>Wajdan Ali Khan, Umar Farooq, Ayesha Zeb, Izna Awais, Muhammad Qasim Tariq, Mohsin Tiwana</i>                                                  |     |
| ML Based Light-Weight Security Protocol for IoFT Device.....                                                                                      | 87  |
| <i>Awais Khan, Ayesha Aziz, Muhamad Tariq, Mohsin Kamal</i>                                                                                       |     |
| Optimization of Microbial Fuel Cells: Enhancing Electrical Output Through Gradient-Based Optimization.....                                        | 94  |
| <i>Hassan Mehmood, Tayyab Zafar, Khurram Kamal, Syed Muhammad Aun Rizvi, Tahir Ratlamwala</i>                                                     |     |
| Machine Learning Based Energy Prediction of Hybrid Solar-Wind Energy Harvesters Using MPPT .....                                                  | 100 |
| <i>Muhammad Abdullah Khan, Muhammad Taha, Rehan Shahid, Muhammad Subhan Asad, Hassan Elahi, Muhammad Abdullah Tayyab</i>                          |     |
| Enhanced Military Aircraft Detection Using YOLOv5s with Hyperparameter Evolution in Remote Sensing Images.....                                    | 106 |
| <i>Wajih Ahmed Khan, Fahad Ul Hassan Asif Mattoo, Ali Sarosh, Amir Hamza, Umar Shahbaz Khan, Muhammad Umar Anjum</i>                              |     |
| Compensating Force Imbalance Using Anchored Beam Coupling Mechanism in MEMS Tuning Fork Gyroscope (TFG) Drive Frame Structure .....               | 113 |
| <i>Uzair Bashir, Shafaat Ahmed Bazaz, Faraz Javaid</i>                                                                                            |     |
| Automated Hematological Analysis:Advances in Segmentation Approaches and Future Directions .....                                                  | 120 |
| <i>Saleha Eram, Muhammad Usman Akram, Maham Nayab</i>                                                                                             |     |
| A Cryptography-Based Framework for Securing Medical Imaging Data in Robotic Systems.....                                                          | 128 |
| <i>Huraira Arshad, Maryam Iqbal, Ayesha Waqar Mir, Rida Fatima</i>                                                                                |     |
| Design and Control of 2DoF Wearable Robot Arm for Rehabilitation.....                                                                             | 135 |
| <i>Ali Husain Hasan, Muath Alhamri, Omar Firoz, Saad Rahman Khan, Said Ghani Khan</i>                                                             |     |
| Assistive Feeding System: Design and Evaluation.....                                                                                              | 141 |
| <i>Usama Jahangir, Wajid Ali, Muhammad Fahad Aamir, Mohsin Islam Tiwana, Hamid Jabbar</i>                                                         |     |
| Improving Road Safety with Enhanced Vehicle Detection for Night-Time Traffic in Mirpur .....                                                      | 147 |
| <i>Usama Younis, Faisal Riaz, Umar Raza, Gokhan Atali, Hamid Rabnawaz</i>                                                                         |     |
| Deep Learning Based Autonomous Robotic Grasping and Sorting System for Industry 4.0 .....                                                         | 153 |
| <i>Muhammad Arsalan, Abid Imran, Syed Salman Shah, Sahar Malaika, Zar Afshan Iqbal</i>                                                            |     |
| Keypoints Estimation on Partial Point Clouds .....                                                                                                | 159 |
| <i>Maryam Saleem, Mohammad Zohaib, Syed Abbas Zilqurnain Naqvi</i>                                                                                |     |
| Design & Implementation of a Healthcare Kiosk: An Effective Way to Collect Patient Vitals for Better Management of Non-Communicable Diseases..... | 165 |
| <i>Sualiha Ahmad, Maheen Zahid, Ali Raza</i>                                                                                                      |     |
| Velodyne LiDAR-Guided Safe Reinforcement Learning for Autonomous Navigation Quality.....                                                          | 170 |
| <i>Seher, Raja Asif</i>                                                                                                                           |     |
| Enhancing Thrust in Flapping Airfoils Through Wake Interactions with Oscillating Cylinder.....                                                    | 176 |
| <i>Amir Khan, Imran Akhtar, Muhammad Saif Ullah Khalid</i>                                                                                        |     |

|                                                                                                                                                  |     |
|--------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Comparative Analysis of MEMS Tuning Fork Gyroscope Designs with Microlever Amplification Mechanism for Enhanced Sensitivity and Robustness ..... | 182 |
| <i>Uzair Bashir, Faraz Javaid, Osama Ali, Adeel Arshad, Masood Ur Rehman</i>                                                                     |     |
| Time Series Forecasting of KSE-100 Index Using a Hybrid ESN-LSTM Model .....                                                                     | 189 |
| <i>Taimur Shahzad Gill, Syed Ibrahim Zahid</i>                                                                                                   |     |
| Deep Learning-Based Weed Detection for Precision Agriculture Applications .....                                                                  | 195 |
| <i>Saaim Ahmed, Muhammad Waris Ali, Muhammad Ali Arshad, Shahbaz Khan</i>                                                                        |     |
| Robust Sliding Mode Control of a Quadrotor with Disturbance Rejection for Enhanced Stability and Performance .....                               | 203 |
| <i>Hameed Ullah, Owais Zarin, Irfan Ahmad, Sarfraz Ahmad, Ansar Abbas, Vincenzo Lippiello</i>                                                    |     |
| Robust State of Charge Estimation of Lithium-Ion Batteries Using a Nonlinearity-Aware PID Observer .....                                         | 210 |
| <i>Hafiz Muhammad Jawaad, Muhammad Saeed, Hamid Jabbar, Anjum Naeem Malik, Hassan Elahi, Umar Shahbaz Khan</i>                                   |     |
| Evaluation of Model Degradation in PaddleOCR, UltOCR, and TrOCR Across Baseline and TensorFlow Lite Environments .....                           | 216 |
| <i>Rameel Ahmed, Noman Shabbir, Muhammad Wasif Raza, Ayesha Zeb, Hassan Elahi</i>                                                                |     |
| Deep Learning-Based Approach for Frost Quantification in Domestic Refrigerators .....                                                            | 221 |
| <i>Hassan Akbar, Huzzam Hassan, Anjum Naeem Malik, Tahir Habib Nawaz</i>                                                                         |     |
| Pushing and Rotating a Heavy Mass Rigid Body Using an Omnidirectional Aerial Manipulator .....                                                   | 227 |
| <i>Hameed Ullah, Santos Miguel Orozco Soto, Naveed Mazhar, Irfan Ahmad, Vincenzo Lippiello, Fabio Ruggiero</i>                                   |     |
| Slam Based Robot Find Target EV to Plugin in Complex Environment .....                                                                           | 234 |
| <i>Samiullah Khan, Waleed Khan, Ashfaq Niaz, Dou Yinke, Shayan Ul Abidin, Ibrar Niaz</i>                                                         |     |
| Advancement in Smart Cane Technology: Enhancing Mobility for the Visually Impaired Using ROS and LiDAR .....                                     | 240 |
| <i>Saqib Zafar, Hafiz Farhan Maqbool, Naveed Ahmad, Arham Ali, Abdul Moeizz, Faizan Ali, Juri Taborri, Stefano Rossi</i>                         |     |
| Kinematic and Dynamic Analysis of All-Terrain Wheeled Robot: Modeling and Simulation .....                                                       | 246 |
| <i>Usama Ali, Sajid Ullah Butt, Abdul Rehman Khan, Azmat Hussain, Adeeb Ur Rehman, Hafiz Muhammad Jawaad</i>                                     |     |
| Dynamic Temporal Modeling Using Cascaded Deep Networks and Encoder Transformers for Human Action Recognition .....                               | 252 |
| <i>Haseeb Amjad, Nija Asif, Umar Shahbaz Khan, Hassan Elahi</i>                                                                                  |     |
| Physics-Informed Machine Learning for State of Charge Estimation of Lithium-Ion Batteries .....                                                  | 258 |
| <i>Hafiz Muhammad Jawaad, Muhammad Saeed, Anjum Naeem Malik, Arash Khalatbarisoltani, Hassan Elahi, Umar Shahbaz Khan</i>                        |     |
| TezNet: An Efficient Convolutional Neural Network for Optical Coherence Tomography Classification .....                                          | 264 |
| <i>Muhid Qaiser, Muhammad Sohail Abbas, Asif Muhammad, Khadija Haider, Haroon Khan</i>                                                           |     |
| Design and Development of Unmanned Ground Vehicle (UGV) with Spherical Wheels .....                                                              | 270 |
| <i>Mamoon Sarfraz Ahmad, Rameesha Yunus, Khushbakht Shah, Waleed Haider, Amir Hamza, Nasir Rashid</i>                                            |     |

|                                                                                                                                         |     |
|-----------------------------------------------------------------------------------------------------------------------------------------|-----|
| Design and Development of a Three Fingered Under Actuated Prosthetic Hand.....                                                          | 277 |
| <i>Naqash Ahmad, Muhammad Usama, Hassaan Iqbal, Mubashir Shah, Hamza Shabbir Minhas, Zareena Kausar</i>                                 |     |
| Deep Learning Approach: Integrated Contextual Gate Networks for fNIRS-BCI .....                                                         | 283 |
| <i>Jamila Akhter, Noman Naseer, Hammad Nazeer</i>                                                                                       |     |
| Analysis of Posture Influence on Memory Using fNIRS-BCI .....                                                                           | 290 |
| <i>Ali Mustafa, Hammad Nazeer, Noman Naseer</i>                                                                                         |     |
| AI-Based Early Detection of Coronary Artery Disease Using Atherosclerosis Inflammatory and MicroRNA Biomarkers in Angina Patients ..... | 296 |
| <i>Muhammad Sajid, Ali Hassan, Dilshad Ahmed Khan, Sayed Tanveer Abbas Gilani, Shoab Ahmed Khan, Asim Dilawar Bakhshi</i>               |     |
| Enhancing Rehabilitation for Frozen Shoulder with a Two-Degree of Freedom Approach .....                                                | 303 |
| <i>Shehla Inam, Faisal Amin, Hussain Al Faisal, Muhammad Waqar, Rahat Ehsan, Uzair Iftikhar</i>                                         |     |
| Analysis of Motor Imagery-Based fNIRS-BCI for Knee Flexion and Extension .....                                                          | 308 |
| <i>Hamza Shabbir Minhas, Hammad Nazeer, Noman Naseer, Iraj Kainat, Haroon Khan, Peyman Mirtaheri</i>                                    |     |
| Autonomous Detection and Geolocalization of Targets Using Unmanned Aerial Vehicles for Search and Rescue (SAR) Operations.....          | 314 |
| <i>Hassan Mehmood, Fabeha Raheel, Muhammad Bilal Kadri, Umar Shahbaz Khan</i>                                                           |     |
| Trash Detection in Water Bodies Using Yolo with Explainable AI Insight .....                                                            | 320 |
| <i>Shafaq Rasheed, Amal Mirza, Muhammad Saad Saeed, Muhammad Haroon Yousaf</i>                                                          |     |
| A Parametric and Generative Based Panels Design Optimization for Mass Timber Panel Manufacturing .....                                  | 327 |
| <i>Afia Rasool, Qipei Mei, Rafiq Ahmad</i>                                                                                              |     |
| Materials Classification Via Piezoelectric Sensors for Robotic Grippers.....                                                            | 333 |
