## Table of Contents

|                                                                                                                                                       |    |
|-------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| Variable Speed Drive Inverter Design on B40 Biodiesel Circulation Pump Using Solar Panels at PLTD Tanjung Aru .....                                   | 1  |
| <i>Idham Nuryadi, Pawenary and Soetjipto Soewono</i>                                                                                                  |    |
| Design and Development of a Voice-Assistant for the Mauritian Elderly .....                                                                           | 8  |
| <i>Yovesh Bhiwoo, Santaram Venkannah and Sabrina Ramsamy-Iranah</i>                                                                                   |    |
| The Effect of Data Balancing on Performance of Support Vector Machine and Random Forest Classification for Typhonium Flagelliforme Lodd Dataset ..... | 14 |
| <i>Iwan Binanto, Bernadetha Mega Devina Ayuningtyas and Nesti Fronika Sianipar</i>                                                                    |    |
| Exploring the Ethical Landscape: Safeguarding Data Privacy in the Realm of Virtual Reality .....                                                      | 17 |
| <i>Leandro Satyawira Tionanda, Bun Jak Sin, Said Achmad and Rhio Sutoyo</i>                                                                           |    |
| The Impacts of Playing Video Game on Memory and Executive Control.....                                                                                | 23 |
| <i>Davin Antoni, Richardo Antolin, Said Achmad and Rhio Sutoyo</i>                                                                                    |    |
| Evaluation of Internet Connection Reconfiguration for Reliable Monitoring and Treatment of Toraja Lada Katokkon Smart Farming .....                   | 29 |
| <i>Martina Pineng, Elyas Palantei, Intan Sari Areni and Wardi Wardi</i>                                                                               |    |
| Analysis Effect of FWHM on Efficiency and Power Quality in OWC using VLC .....                                                                        | 36 |
| <i>Arman Haditiansyah, Ary Syahriar, Octarina Nur Samijayani, Dwi Astharini, Faathir Alfath Risdarmawan and Nida Salsabila</i>                        |    |
| Optimization of LED Array and FOV Configurations for Indoor Visible Light Communication System.....                                                   | 43 |
| <i>Faathir Alfath Risdarmawan, Octarina Nur Samijayani, Ary Syahriar, Isma Artyani, Arman Haditiansyah and Nida Salsabila</i>                         |    |
| Effect of Temperature Using Silica,POF, and Fluoride Glasses Materials in Optical Fiber on Refractive Index and Attenuation.....                      | 50 |
| <i>Nida Salsabila, Ary Syahriar, Octarina Nur Samijayani, Ivan Adhi Pramana, Arman Haditiansyah and Faathir Alfath Risdarmawan</i>                    |    |
| Design and Construction of a Temperature Monitoring System for Photovoltaic based on ESP32 Microcontroller .....                                      | 57 |
| <i>Isra' Nuur Darmawan, Kholistianingsih Kholistianingsih, Rahardian Luthfi Prasetyo and Ryan Aditya Fiana</i>                                        |    |
| Design and Construction of an IOT-based Electrical Energy Monitoring System using ESP32 at the Hybrid Power Plant on Baru Beach Pandansimo .....      | 70 |
| <i>Isra' Nuur Darmawan, Kholistianingsih Kholistianingsih and Rafi Dwi Waseso</i>                                                                     |    |
| Performance Analysis of Convolutional Neural Network Architecture in Batik Motif Classification for Mobile Application.....                           | 82 |
| <i>Alimuddin Alimuddin, Ria Arafyiah, Irfansyah Nur Aviatna Aviatna, Mukhtar Mukhtar, Heri Haryanto and Masjudin Masjudin</i>                         |    |
| Prediction Of Diabetes Using the Decision Tree Algorithm Based on The Streamlit Web.....                                                              | 93 |
| <i>Alief Maulana and Muhamad Yusup</i>                                                                                                                |    |

|                                                                                                                                                          |     |
|----------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Analysis of Coil Effect and Number of Turns for Power Generation in Compact Disc Solar Cell.....                                                         | 98  |
| <i>Hartono Hartono, Edra Tri Adinata, Dina Estining Tyas Lufianawati, Felycia Felycia, Yusraini Muharni and Irma Saraswati</i>                           |     |
| Enhancing Performance of Sigmoid implementation in FPGA using Approximate computing.....                                                                 | 107 |
| <i>Somesh Kumar, Rohan Murmu and Mahua Bhattacharya</i>                                                                                                  |     |
| Influence of Environmental Conditions on the Performance of Solar Power Generation Systems: Analysis of Light Intensity, Temperature, and Humidity ..... | 112 |
| <i>Muchlishah Muchlishah, Dezetty Monika, Fatahula Fatahula and Bharata Sena Indra Permana</i>                                                           |     |
| Analysis of the Effect of Analog Switches on the Digital Signal Oscilloscope Circuit .....                                                               | 116 |
| <i>Arba'I Yusuf, Wahyu Widada, Warsito Purwo Taruno and Imamul Muttakin</i>                                                                              |     |
| Thrust Force Analysis and Simulation of Duct Wind Turbine Blade .....                                                                                    | 121 |
| <i>Munnik Haryanti, Feri Yusivar and Abdul Halim</i>                                                                                                     |     |
| Utilization of River Flow as A Portable Microhydro Power Plant Using Open Flume Propeller Turbine Scheduling Results.....                                | 125 |
| <i>Ibrahim Nawawi, Andriyatna Agung Kurniawan, Bagus Fatkhurrozi, Rheza Ari Wibowo and Denny Haryanto Sinaga</i>                                         |     |
| Design and Development of An Automatic Energy Buffer System and Hybrid Energy Storage on PV System Using Supercapacitors.....                            | 130 |
| <i>Rocky Alfanz, Adi Nugraha, Muhamad Otong, Muhammad Fadhill Haekal, Wahyuni Martiningsih and Muhammad Firman Fauzy</i>                                 |     |
| Application of Genetic Algorithm for School Timetable Scheduling.....                                                                                    | 138 |
| <i>Angelina Sylviani Budiarto, Ni Made Satvika Iswari and Eddy Muntina</i>                                                                               |     |
| Attendance Detection System Using Bluetooth Low Energy Based on ESP32 with Realtime Monitoring Through Website.....                                      | 144 |
| <i>Yusri Alfyya, Aodah Diamah and Efri Sandi</i>                                                                                                         |     |
| Overview of Pumped Storage Hydropower Systems and Their Potential Utilization in Indonesia .....                                                         | 150 |
| <i>Tyas Kartika Sari, Fariz Maulana Rizanulhaq, Dianing Novita Nurmala Putri, Chairul Gagarin Irianto and Maulasukma Widjaja</i>                         |     |
| Development of A Deep Learning Model for Classification of Eye Conditions Using Cascading Techniques.....                                                | 157 |
| <i>Ajib Setyo Arifin and Rayhan Ameriazandy</i>                                                                                                          |     |
| Machine Learning Model Based on Universal Sentence Encoder and Tensor-Flow for Matching Algorithm on Collabolio Collaborative Platfrom.....              | 161 |
| <i>Teguh Firmansyah, Amelia Nur Safitri, Dina Estiningtyas Lufianawati and Irma Saraswati</i>                                                            |     |
| Mitigating Voltage Rise on Low-Voltage Distribution Networks with High Solar Photovoltaic Penetration: A Review.....                                     | 165 |
| <i>Mustafa Abo Alwez, Jasronita Jasni, Raghad Wahab, Lubna Mueen, Mohd Amran Mohd Radzi and Norhafiz Azis</i>                                            |     |
| Detection and Mitigation of Distributed Denial of Service (DDoS) Attacks on Software Defined Networks (SDNs) Using Multilayer Perceptron (MLP).....      | 172 |
| <i>Rian Fahrizal, Ivan Munandar and Fadil Muhammad</i>                                                                                                   |     |
| Kalman Filter For Radon based Earthquake Early Detection .....                                                                                           | 179 |
| <i>Wahyu Sukestyastama Putra, Sunarno Sunarno and I Wayan Mustika</i>                                                                                    |     |

|                                                                                                                           |     |
|---------------------------------------------------------------------------------------------------------------------------|-----|
| Real-Time Motorcyclist Helmet Detection using YOLOv8 on Edge Device.....                                                  | 185 |
| <i>Fadil Muhammad, Ismail Bintang, Rian Fahrizal, Ceri Ahendyarti, Romi Wiryadinata and Imamul Muttakin</i>               |     |
| Stock Buy/Sell Prediction Based on Technical Analysis and News Sentiment Using Deep Learning.....                         | 192 |
| <i>Arya Yudhi Wijaya, Dini Adni Navastara and Ichlasul Hasanat</i>                                                        |     |
| The Performance of Vacant Parking Spaces Detection Using YOLOv5.....                                                      | 198 |
| <i>Anan Nugroho, Muhammad Fathurrahman and Zidan Vieri Wijaya</i>                                                         |     |
| Design of Lightning Strike Danger Zone Detection System Using the Rolling Sphere Method Integrated with Smartphones ..... | 204 |
| <i>Adi Nugraha and Felycia Felycia</i>                                                                                    |     |
| Author Index .....                                                                                                        | 209 |
