## Table of Contents

| eCF Paper Id   | Paper / Article Title                                                                                                         | Author Name                                                                                                                             |
|----------------|-------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| DABCon2024-102 | Study of IOT Enabled Water Logging Detection and Control in Drainage System for Smart City...1                                | Subhalaxmi Chakraborty, Ankan Sarkar, Gourab Das, Shreya Chatterjee, Shamik Kanjilal, Pritam Kundu                                      |
| DABCon2024-118 | Image Dehazing using AHE with Noise Removal using CLAHE and Postprocessing using Gamma Correction...7                         | Parthasarathi De, Debkumar Chowdhury and Rana Majumder                                                                                  |
| DABCon2024-123 | Speech Recognition and Emotion Detection using Machine Learning approaches on Ravdess Dataset...13                            | Tanusree Saha, Soumyabrata Saha, Suparna DasGupta, MOINAK GUHA, PRITI ROY, MADHURIMA MAJUMDAR, SUVAJIT SARKAR and SIDDHARTHA BARUA      |
| DABCon2024-131 | Advanced Image Dehazing Techniques for Enhanced Text Extraction From Vehicle Number Plates for Traffic Monitoring System...19 | Parthasarathi De, Debkumar Chowdhury and Arkaprava Das                                                                                  |
| DABCon2024-139 | Identification of Bird via Acoustics for Bird Species Population Monitoring and Conservation...25                             | NILANJANA ADHIKARI, Suman Bhattacharya, Mahamuda Sultana, Ananjan Maiti and Diganta Sengupta                                            |
| DABCon2024-151 | Hybrid Transfer Learning based Pomegranate Fruit Disease Identification...31                                                  | Sumit Kumar Banerjee, Priyanka Chakraborty and DR. SAYAN NATH                                                                           |
| DABCon2024-152 | XAI-CAD: An Explainable CAD Framework for the Classification of Diabetic Retinopathy...37                                     | Pallabi Das, Rajashree Nayak, Moloy Dhar, Md. Noor Islam, Muskan Mishra, Shreya Dan                                                     |
| DABCon2024-175 | DNA Sequence Similarity Using Discrete Wavelet Transform...43                                                                 | Nikita Banerjee, Pratyush Swain, Ayush Behera and Pankaj Kumar Sa                                                                       |
| DABCon2024-176 | Enteric Protozoan Parasite Detection System: Linking to Neurodegenerative Diseases via the Gut-Brain Axis...49                | Debmitra Ghosh Soumik Chakraborty Dibyarupa Pal Pulak Tarafdar Roshmikana Pal Simran Maity Ujjwal Jaiswal Dharmpal Singh Ankush Mallick |

| eCF Paper Id   | Paper / Article Title                                                                                                    | Author Name                                                                                                         |
|----------------|--------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|
| DABCon2024-179 | Optimizing Wind Energy Forecasting: A Comparative Study of ANN and Decision Tree Algorithms...55                         | ARPAN DAS, Dr. Debasree Saha, Shrayasee Gain, Ankur Vaibhav, Payel Chakraborty and Brishti De                       |
| DABCon2024-181 | Cyberbullying Detection and Prevention in Social Media using Machine Learning and Deep Learning Techniques...61          | Sharmila V J, Limsa Joshi J, Daya Mary Mathew, Kanishkumar K, Satyavarssheni RA V, Alan Judith A and Cyril Martin S |
| DABCon2024-182 | AI BOT: Mental Health Detection & Counselling...67                                                                       | Jayesh Barkhade, Sahil Jagtap, Gayatri Shahare, Kamlesh Kalbande, Pooja Yerunkar and Prasheel Thakre                |
| DABCon2024-191 | Exploring Fusion Centrality in Developer Social Networks...73                                                            | Barnita Das, Bikromaditty Mondal and Rahul Sinha                                                                    |
| DABCon2024-231 | Echoes of Emotion: Enhancing Sentiment Analysis with CNN-GRU Synergy...79                                                | Arshleen Kaur, Vinay Kukreja and Danish Kundra                                                                      |
| DABCon2024-232 | Molecular Insights Unveiled: A Hybrid Neural Network Model GNN-CNN for Drug Discovery...86                               | Arshleen Kaur, Vinay Kukreja and Amanveer Singh                                                                     |
| DABCon2024-233 | Unified Multi-task Convolutional Neural Networks for Enhanced Disease Detection and Localization in Medical Imaging...91 | Arshleen Kaur, Vinay Kukreja and Amanveer Singh                                                                     |
| DABCon2024-235 | Determinants of Private Channeling Fees of Cardiologists in Sri Lanka...96                                               | Shanuka Sirimanna, Sulanie Perera and Tiloka de Silva                                                               |
| DABCon2024-238 | Automated Leukemia Diagnosis from Microscopic Blood Smear Images using Adapted Inception V3...102                        | Srinija Srikantam, Sahithi Chamarthi, Akhila Timmasarti and M Vani Pujitha                                          |
| DABCon2024-243 | Non-Blind and Blind Deconvolution Methodologies in Restoration of Motion-Blurred images...108                            | Sohinee Mondal, Subhram Das and Papri Ghosh                                                                         |
| DABCon2024-245 | PhishGuard: Leveraging NLP and Machine Learning for Email Phishing Detection...114                                       | Rifat Ahamed Fahim, Md Shohel Arman, Ishrat Sultana, Nusrat Tasnim, Kazi Rifat Ahmed and Imran Mhamud               |

| eCF Paper Id   | Paper / Article Title                                                                                                   | Author Name                                                                                                                       |
|----------------|-------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| DABCon2024-248 | SentiGrad: A New Hindi-English Code Mixed Sentiment Analysis Dataset with Preliminary Results and Open Challenges...120 | Pampa Ghosh Saha, Souvik Sengupta                                                                                                 |
| DABCon2024-249 | Analyzing the Dynamics of Drug Pricing in the Pharmaceutical Industry of Sri Lanka...125                                | Nuvantha Abeygunasekera, Sulanie Perera and Tiloka de Silva                                                                       |
| DABCon2024-25  | Development of Low Cost Inventory Management System using UAV...131                                                     | Dr. Bansari Deb Majumder, Joy Halder, Dipu Mistry, Tanmoy Sinha Roy and Barnali Kundu                                             |
| DABCon2024-250 | Directed Acyclic Graph-based Optimization of Apache Flink to Process Streaming Big Data of Industry 4.0...136           | MILTON SAMADDER, Anup Kumar Barman, Shiladitya Munshi and UTPAL MADHU                                                             |
| DABCon2024-254 | Feature Spotlight: Unveiling Cancer's Tell-tale Signs...142                                                             | Shinjini Nag, Samarendra Das, Sonali Bhowmik, Samir Dey and Md. Mizan Chowdhury                                                   |
| DABCon2024-257 | Robust Drowsiness Detection Using Convolutional Neural Networks: A Balanced Approach to Driver Fatigue Monitoring...147 | Eshika Jain, Vinay Kukreja, Mohammed Saif and Aseem Aneja                                                                         |
| DABCon2024-258 | Smart Tyre Monitoring: Unleashing the Power of InceptionV3 for Accurate Defect Detection...153                          | Pratham Kaushik, Vinay Kukreja, Rasika Chhabra and Rajat Saini                                                                    |
| DABCon2024-263 | Machine Learning Techniques for Identifying Distressed Individuals on social media - A Survey...159                     | Ankan Sadhukhan, Sreejani Samanta, Abhijit Pasari, Sayantika Samui, Dipayan Mandal, Sandipta Ghosh, Mrinmoy Guria and Debrupa Pal |
| DABCon2024-265 | Enhancing Diagnostic Accuracy for Kidney Abnormalities through Resolution-Optimized Deep Learning Models...165          | Danish Jamil, Sourodip Kar, Anubhab Biswas, Anik Maity, Biprendu Poddar, Suman Kayal, Pushpita Roy, Tanmoy Ghosh and Papri Ghosh  |
| DABCon2024-266 | A perturbed CPW Fed Ultra wideband Multiband Microstrip Antenna for 5G Communication Application...171                  | Antara Ghosal, Anurima Majumdar, Avali Banerjee, Abhijit Ghosh, Moupani Roy, Swati Barui                                          |

| eCF Paper Id   | Paper / Article Title                                                                                                   | Author Name                                                                                                  |
|----------------|-------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------|
| DABCon2024-267 | Machine Learning Approaches to Predict Post Covid-19 Severity: A Detail Case Study...175                                | Richa Mathur, Ritam Dutta, Payal Bansal and Rajeev Kumar                                                     |
| DABCon2024-268 | Exploring Deep Learning Techniques for Sentiment Analysis on IMDb Movie Reviews Dataset...181                           | Dr. Madhav Sharma, Hukam Saini and Pushpendra Sikarwal                                                       |
| DABCon2024-27  | Image Generation with Quantum Generative Adversarial Networks Using Numeric And Fashion Mnist Images...186              | Deepanshi Joon, Rishu Raj, Garvit Nama and Dr. Meena Pundir                                                  |
| DABCon2024-271 | Enhancing Phylogenetic Analysis: A New Genome Sequence Comparison Approach Using Bray-Curtis Dissimilarity Metric...192 | Shamik Bardhan, Anjishnu Dey, Saanjali Mitra, Roushik Manna, Papri Ghosh, Subhram Das and Dilip Bhattacharya |
| DABCon2024-28  | Big Data Analytics in Bioinformatics: Transforming Genomics and Proteomics for Advanced Biological Insights...198       | D.S. Vohra                                                                                                   |
| DABCon2024-3   | Lung CT image segmentation with optimal parameters using UNET Architecture...203                                        | Barun Kumar Paul, Tuhin Biswas and Kinsuk Giri                                                               |
| DABCon2024-35  | Assessment of potential Phytochemicals against Nipah Virus using computational Biology approach...209                   | Pragya Devi, Aditi Bagri, Bhawana Yadav, Pallavi Singh, and Saumya Srivastava                                |
| DABCon2024-58  | Stock price prediction using machine learning...215                                                                     | Srijit Das, Komal Kumari, Antara Saha, Annasha Biswas Puja, Arijit Bhowmick and Koushik Karmakar             |
| DABCon2024-64  | Prevention, detection and notification model for vehicular accidents using IOT...221                                    | Prakash Marimuthu                                                                                            |
| DABCon2024-68  | IOT Based Accident detection and alert System...226                                                                     | Priyanka Wani, Sujit Bankar, Karan Baral                                                                     |
| DABCon2024-76  | Innovative IoT Solutions for Vehicle Maintenance and Tracking...231                                                     | M. Baritha Begum, Muhammed, Suhail S.J, J.Sangeetha Priya, J.Eindhumathy, G. Sivakannu, A.Kesavan            |
| DABCon2024-82  | Utilizing Social Network Analysis to Model Social Media Post Popularity with Bayesian Belief Networks...237             | MANOJ Kumar SRIVASTAV, Somsubhra Gupta, and Subhranil Som                                                    |

| eCF Paper Id  | Paper / Article Title                                                                                                                                                                                                                                                  | Author Name                                                                                              |
