PROCEEDINGS OF SPIE

International Conference on Advances in Photonics Science (ICAPS 2024)

Luigi Maxmillian Caligiuri
Editor

25–26 November 2024
Kuala Lumpur, Malaysia

Organized by
Malaysian Youth Researchers (Malaysia)

Sponsored by
Universiti Malaysia Kelantan (Malaysia)

Published by
SPIE

Volume 13660

Proceedings of SPIE 0277-786X, V. 13660

SPIE is an international society advancing an interdisciplinary approach to the science and application of light.

The papers in this volume were part of the technical conference cited on the cover and title page. Papers were selected and subject to review by the editors and conference program committee. Some conference presentations may not be available for publication. Additional papers and presentation recordings may be available online in the SPIE Digital Library at SPIEDigitalLibrary.org.

The papers reflect the work and thoughts of the authors and are published herein as submitted. The publisher is not responsible for the validity of the information or for any outcomes resulting from reliance thereon.

Please use the following format to cite material from these proceedings:
Author(s), "Title of Paper," in *International Conference on Advances in Photonics Science (ICAPS 2024)*, edited by Luigi Maxmillian Caligiuri, Proc. of SPIE 13660, Seven-digit Article CID Number (DD/MM/YYYY); (DOI URL).

Paper Numbering: A unique citation identifier (CID) number is assigned to each article in the Proceedings of SPIE at the time of publication. Utilization of CIDs allows articles to be fully citable as soon as they are published online, and connects the same identifier to all online and print versions of the publication. SPIE uses a seven-digit CID article numbering system structured as follows:

- The first five digits correspond to the SPIE volume number.
- The last two digits indicate publication order within the volume using a Base 36 numbering system employing both numerals and letters. These two-number sets start with 00, 01, 02, 03, 04, 05, 06, 07, 08, 09, 0A, 0B … 0Z, followed by 10-1Z, 20-2Z, etc. The CID Number appears on each page of the manuscript.

Contents

v *Conference Committee*

INTERNATIONAL CONFERENCE ON ADVANCES IN PHOTONICS SCIENCE (ICAPS 2024)

13660 02 **A data-driven approach to cancer classification: the role of pre-processing in model accuracy and efficiency** [13660-2]

13660 03 **Predictive modeling of cardiovascular disorder: a comparison of regression model and random forest** [13660-3]

13660 04 **A comprehensive approach to vitamin deficiency detection through image analysis of sense organs images using convolutional neural networks** [13660-4]

13660 05 **Deep learning approach for Chinese handwritten character recognition** [13660-7]

13660 06 **Assessing the influence of digital connectivity on student wellness** [13660-9]

13660 07 **Stability testing and shelf life prediction of pharmaceutical drugs (clarithromycin) using machine learning** [13660-11]

13660 08 **Implementation and analysis of a reverse image lookup system for efficient fashion image classification and visual search** [13660-13]

13660 09 **Automatic health misinformation detection on social media: an NLP-driven classifier for combatting pseudoscientific and unverified claims** [13660-14]

13660 0A **Enhancing sepsis prediction with transformer-based feature extraction, PCA, and TabNet: a transparent and interpretable framework** [13660-15]

13660 0B **An assessment of the enabling environment for digitalization in Ghana: analysis of the policy, regulatory, and legislative instruments** [13660-16]

13660 0C **Automated detection of underlying diseases through eye imaging analysis** [13660-17]

13660 0D **Optimizing digital communication security with image watermarking** [13660-19]

13660 0E **Enhanced phishing detection using heuristic rules and extreme learning machine (ELM)** [13660-22]

13660 0F **HC-LDL: hybrid consensus algorithm for lightweight distributed ledger in D2D communication** [13660-23]

13660 0G **Is bell-shaped distribution of exam grades evidence of success or failure to teach well and test well?** [13660-26]

13660 0H **The role of artificial intelligence applications in developing leadership as a practical future skill in the sultanate of Oman (ChatGPT)** [13660-27]

13660 0I **A novel deep reinforcement learning algorithm for maximizing lifetime target coverage in wireless sensor networks** [13660-30]

13660 0J **A personalized mental health chatbot with emotion detection and content suggestion** [13660-31]

13660 0K **Secure vision cloud AI: a comprehensive approach to real-time system monitoring and security** [13660-34]

13660 0L **Evaluation and comparison of simulation tools for insect-inspired drone design** [13660-37]

13660 0M **Autonomous monitoring of transportation infrastructure in Oman using dragonfly-inspired drones** [13660-38]

13660 0N **Comparative evaluation of machine learning models for intrusion detection in communication networks** [13660-39]

13660 0O **A hybrid convolutional neural network and genetic algorithm approach for cardiovascular disease prediction** [13660-40]

13660 0P **SafeNet response: connecting hearts and hands in disaster relief with blockchain** [13660-41]
