

# **2025 International Workshop on Fiber Optics in Access Networks (FOAN 2025)**

**Szczecin, Poland  
9-11 September 2025**

**IEEE Catalog Number: CFP2596V-POD  
ISBN: 979-8-3315-6652-4**

## TABLE OF CONTENTS

<p>Enhancing Future Mobile Fronthaul Networks Security Using QKD-Secured Space Division Multiplexing with Multi-Core Fibers ..... 1</p> <p style="padding-left: 20px;"><i>Ahmed S. Mohamed, Eszter Udvary</i></p> <p>Measurement of Polarisation-Mode Dispersion in Erbium-Doped Optical Fibers Using a Wavelength-Scanning Fixed-Analyser Method with Cycle Scanning ..... 5</p> <p style="padding-left: 20px;"><i>Katarina Radakovic, Andrej Lavric, Boštjan Batagelj</i></p> <p>Fabry-Perot Microcavity with Epsilon-Near-Zero (ENZ) Spacer: Wavelength-Scale Electromagnetic Analysis ..... 9</p> <p style="padding-left: 20px;"><i>Hovik Baghdasaryan, Tamara Knyazyan, Tamara Hovhannisyanyan, Marian Marciniak, Tigran Baghdasaryan</i></p> <p>Minimizing Splice Loss in Hollow-Core to SMF Fusion ..... 13</p> <p style="padding-left: 20px;"><i>Radek Burian, Petr Dejdar, Adrian Tomasov, Pavel Zaviska, Tomas Horvath, Ondrej Klicnik, Jan Bukovsky, Petr Munster</i></p> <p>The Impact of Water Density and Chlorophyll in Underwater Wireless Optical Communication ..... 17</p> <p style="padding-left: 20px;"><i>Shien-Kuei Liaw, Shofuro Afifah, Lina Marlina</i></p> <p>Design and Development of InP-Based Integrated Multi-Channel Transmitters for WDM-PON ..... 20</p> <p style="padding-left: 20px;"><i>Aleksandra Pasnikowska, Stanislaw Stopinski, Krzysztof Anders, Ryszard Piramidowicz</i></p> <p>Analysis of XG-PON Networks: A Wireshark Lua Module Approach ..... 26</p> <p style="padding-left: 20px;"><i>Tomas Horvath, Adrian Tomasov, Patrik Suba, Petr Munster, Ondrej Klicnik, Petr Dejdar</i></p> <p>Self-Diagnosing Circuit Breakers Using Embedded Optical Fiber Sensors in Medium Voltage Systems ..... 30</p> <p style="padding-left: 20px;"><i>Naveen Garg</i></p> <p>Artificial Neural Network Based Framework for Predicting the Performance of Underwater Optical Wireless Link ..... 37</p> <p style="padding-left: 20px;"><i>Harjeevan Singh</i></p> <p>A Techno-Economic Study for Seamless LTE Passenger Communication on Jakarta-Surabaya High Speed Train ..... 42</p> <p style="padding-left: 20px;"><i>Mega Ayu Indriani, Erna Sri Sugesti, Rina Pudji Astuti</i></p> <p>Wavelength Router Functional Elements with Different Structures Enabling to Support VNF ..... 49</p> <p style="padding-left: 20px;"><i>Kimio Oguchi</i></p> <p>QTTTH – Quantum to the Home? : Abstract ..... 50</p> <p style="padding-left: 20px;"><i>Artur Stabrawa, Mateusz Kucharczyk, Patryk Urban, Marcin Jarzyna, Konrad Banaszek</i></p> <p>Integrated Optics in Access Networks Roundtable : Abstract ..... 51</p> <p style="padding-left: 20px;"><i>Gerd Keiser, Shien-Kuai Liaw, Alejandro Santome</i></p> <p>Silicon Photonics Optical Circuit Switch for Access Applications: Happenings and Challenges : Abstract ..... 52</p> <p style="padding-left: 20px;"><i>A. Santomé-Valverde, A. González, D. Pérez-López</i></p>	<p>1</p> <p>5</p> <p>9</p> <p>13</p> <p>17</p> <p>20</p> <p>26</p> <p>30</p> <p>37</p> <p>42</p> <p>49</p> <p>50</p> <p>51</p> <p>52</p>
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------

Building a Practical Quantum Network: How to Leverage Quantum Entanglement as a Resource :  
Abstract ..... 53  
*S. Sommermeier, T. Getselev, N. Walenta, N. Perlot, R. Freund*

Integrated Photonics for Quantum-Secure Links : Abstract ..... 54  
*A. Widomski, M. Kresse, A. Schreier, N. Walenta, M. Kleinert, N. Keil, R. Freund*
